Socially Viral Raymond Wayne, 2018-12-17 Being Socially VIRAL Works Viral marketing is a phenomenon It works and works well Why Because it puts the power in the hands of the people It doesn't rely on advertising executives million dollar campaigns or celebrity endorsements It is real down to earth grassroots marketing that when it comes down to it might be advertising in its purest form Viral marketing while driven by strategy and well planned messaging is only

successful when its audience is captivated A marketing campaign will only go viral if people like it and ultimately share it with others Therefore they have the power Not the marketer Online business owners and internet marketers alike understand the important role viral marketing plays in the success of their businesses today Social media networks have become just as much about business as they are about pleasure Facebook Twitter Pinterest LinkedIn YouTube and other key players are now joining us in the boardroom and in sales meetings Blogs are replacing news media in many ways and we must adapt our marketing approach to become players in this game Being Socially Viral is inherently self serving To be truly effective viral marketing must include a give and take approach You must engage others take part in conversation and give as much as you get In other words don t expect your message to spread itself Viral marketing takes time careful planning and well thought out execution With a little bit of creativity and a true understanding of your target market viral marketing has the ability to skyrocket your business to new heights Not only should you consider the favor of your current customer base but approach your viral marketing campaign in such a way that encourages and makes them want to share your business with others So learn to engage in your viral marketing campaign Be social on social networks share others information and they in turn will share yours Viral marketing is a give and take and the more you give the more you will get There is an unspoken set of expectations that accompany viral marketing and the most important of all is to respect those you are marketing to If you do they will recognize that and most likely help you on your way to going viral
