matter what you use this method for I believe it s a powerful asset in the 21st century to have a large social media following Time and time again we see influencers have more successful businesses than people operating in the background unless that person had a lot of money to start with anyway For someone to come up from nothing having a large presence is almost essential at this stage of the social media game I think many people will start to spend more time on TikTok than the main player right now Instagram as time goes on Instagram is so look how much better I am than you and people are sick of it I like TikTok the most because it s a place that people can be themselves and have fun By becoming famous before it gets noisy with loads of users you ll be at an advantage when the users and watch time comes Who is Matthew Gumke Matthew Gumke is a 24 year old Author Entrepreneur and owner of Gumke University Gumke University is known for changing the future of education Unlike many other universities Gumke University adapts to changes in the marketplace and Gumke University focuses on tangible results not theories Gumke University was established to help the students get rich on their own terms without needing degrees Matthew Gumke believes his students can improve their health happiness and quality of relationships by becoming financially free Gumke University succeeds when students make money not when they correctly answer questions about the curriculum The reality is that some students win even if they don t know everything in the curriculum and other students lose even if they know the entire curriculum At Gumke University winning is the priority All training programs are set up in a step by step system that helps the students succeed not just the owners of the university If changes in the marketplace occur the changes are implemented immediately not in a few years Matthew Gumke the owner of Gumke University is best known for giving away millions of books to introduce people to his education People try to remind Matthew not to work so much He even stopped his exotic car tour business to help more students achieve financial success When Matthew isn t working he enjoys learning traveling the world relaxing eating great food and going to the gym Matthew didn t do well in traditional education He wanted to become a multi millionaire and all the teachers he spoke to about it were struggling financially Matthew knew that he needed to find better teachers outside of traditional education He wanted to get taught by the people at the top not their employees In Matthew s pursuit to find the owner of an education company he found Ekim Kaya the owner of Kaya Online the world s largest Amazon training company Matthew watched Ekim take his business to over 100 000 students Matthew knew that this was the impact he wanted to create Matthew started to teach for Kaya Online having his work translated into multiple languages for Ekim Kaya s 100 000 students Within just a few years of learning from Ekim Kaya Matthew was financially independent Matthew wants his story to inspire people that no matter the history of their education no matter how much debt they re in no matter what their current circumstances anyone can change the future of their education Gumke University The Future of Education [The Ultimate Guide To TikTok For Business](#) Ashley Knewman,2020 Does the hottest new social media platform TikTok confuse you To some it probably seems like just a lip syncing video app for teens but it s much more than that In this book we will teach you how to use TikTok right
