**Pursuing Play** Rebecca Beausaert,2024-09-13 Levelling the playing field Life in the Canadian countryside at the turn of the twentieth century is often generalized as insular backwards and arduous These assumptions are redressed in Rebecca Beausaert s *Pursuing Play* which highlights the complexity of small town culture through a lively examination of women s efforts to negotiate space for themselves and their leisure pursuits Amply illustrated *Pursuing Play* draws on diaries letters newspapers and census records to investigate women s recreational activities in three southern Ontario towns Dresden Tillsonburg and Elora between 1870 1914 Though women s recreational choices were restricted by pervasive ideas about propriety Beausaert

reveals how they increasingly spearheaded both formal and informal clubs events and social gatherings and integrated them into their daily lives In telling the story of what small town women did for fun while navigating social hierarchies nurturing ties of kinship and friendship and advancing community development Pursuing Play adds a new dimension to Canadian histories of gender leisure and popular culture Encompassing public and private pastimes the growth of sports the phenomenon of armchair travelling and the ease with which recreation can slip from reputable to disreputable this rich study uncovers how gender class and ethnicity shaped the nature and scope of women s leisure in small town Ontario and beyond
