Sight Words Learning Community Favorite:

The Learning Communities Guide to Improving Reading Instruction Valerie Hastings Gregory, Jan Rozzelle-Nikas, 2005
This is an important book. The themes of attending to individual needs, providing assessment-driven instruction, and creating long-term focused professional development plans are solid and consistent throughout. Gay Ivey, Graduate Program Coordinator, Reading Education Program, James Madison University. This book does a wonderful job of bridging the chasm that often exists between the separate worlds of higher education and K-12 educators. It applies powerful research findings and nontechnical jargon-free advice for classroom teachers. From the Foreword by Richard DuFour and Rebecca DuFour: Create professional learning communities to improve reading instruction and students' performance. After observing over 300 classrooms, authors Valerie Hastings Gregory and M. Jan Rozzelle provide the perfect framework, knowledge, and tools necessary to help create a community of literacy coaches, leaders, and teachers to improve reading across schools. Demonstrating the critical link between adult learning and student learning that makes professional learning communities our best hope for improving reading and comprehension for today's students, this rich developmental resource provides solid information, powerful research findings, specific pragmatic and proven strategies that teachers can apply immediately in the classroom. Key features and benefits for implementation include: Reflective survey of look-fors to identify strengths and weaknesses; How to and when to guidelines for strategies; A learning communities model for professional development for reading instruction providing the groundwork for effective and lasting improvement; Valuable tables, charts, planning guides, and reproducibles to facilitate discussion, reflection, and goal setting. The Learning Communities Guide to Improving Reading Instruction will help educators identify and apply new approaches, improve and add to their instructional repertoire, and ultimately benefit their students' reading performance so no child or teacher is left behind. *Reading as Communication* Frank B.
