Sci Fi Dystopia Framework:

The Speculative Route Merve Tabur, Sami Ahmad Khan, 2025-08-29 The Speculative Route explores speculative traditions and science fictional modes across South and Southwest Asia and North Africa SSWANA examining their historical connections inter and intra regional entanglements overlaps and differences Conceptualizing science fiction and fantasy SFF as a mode rather than a genre this volume challenges the putative boundaries between literary and genre fiction through critical studies and essays focusing on SFF from Bangladesh Egypt India Iran Pakistan Palestine Sri Lanka and Turkey It demonstrates the ways in which science fictional modes of thinking and imagination function as critical tools for addressing social cultural and political issues beyond genre conventions and expectations Bringing together articles by leading scholars of SFF and think pieces by acclaimed authors of contemporary SF this volume focuses on central themes such as the relationship between aesthetics and politics alterity world building memory trauma colonialism and decolonization ecology gender religion and mythopoetics It engages with the past present and future of speculative traditions in SSWANA and compares the visions that emerge from these seemingly disparate but historically connected entities Part of the Studies in Global Genre Fiction series this volume will be of great interest to academics students and practitioners in the fields of genre studies notably SF SFF comparative literature media and popular culture area studies postcolonial studies and future studies as well as to readers who are interested in exploring SFF works from the Global South

Positions and Presuppositions in Science Fiction Darko Suvin, 1988-06-18

Technoculture in Margaret Atwood's Science Fiction Novels Jasmine Sharma, 2023-09-01 The contemporary mediation between technoscience and philosophy offers overwhelming insights into the literary critical domain of thought This book conceptualizes an enriching engagement with questions pertaining to the notion of technology and how its blend with cultural facets makes comprehensive room for the reconstitution of the literary landscape in Atwood's science fiction SF novels Ranging from the technologies of disciplinary and bio corporeal power to theorizing gender politics of cyborgian nomadic and humanoid bodies from technologizing the consumption of hybrid edibles and lingual epistemology to discerning the hyperreal dimensions of archived tech memoirs video gaming and digital sex the book takes a philosophical approach to technocultural studies a newly emerging interdisciplinary methodology It contributes to an optimal concretization of technoscientific exploration in Margaret Atwood's literary scholarship and adds to the existing field of theoretical acumen within cosmopolitan literatures

Global Science Fiction Gary Westfahl, 2025-06-09 Science fiction represents a diverse community of writers and readers that spans the entire world This collection provides a global tour of the genre with essays about Latin American European African Arabic Indian Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S Buckell Lourenco Mutarelli Stanislaw Lem Masande Ntshanga Tawfiq Al Hakim Anil Menon and Cixin Liu The contributing

scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction An introductory survey of foreign language science fiction in the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world

Science Fiction as Legal Imaginary Alex Green, Mitchell Travis, Kieran Tranter, 2024-11-21 This book examines how science fiction informs the legal imagination of technological futures Science fiction the contributors to this book argue is a storehouse of images tropes concepts and memes that inform the legal imagination of the future and in doing so generate impetus for change Specifically the contributors examine how science fictions imagine human life in space in the digital and as formed and negotiated by corporations They then connect this imaginary to how law should be understood in the present and changed for the future Across the chapters there is an urgent sense of the need for law as it is has been and as it might become to order and safeguard the future for a multiplicity of vulnerable entities This book will appeal to scholars and students with interests in law and technology legal theory cultural legal studies and law and the humanities

Dystopia on Demand: Technology, Digital Culture, and the Metamodern Quest in Complex Serial Dystopias Laura Winter, 2024-01-29 Serial storytelling has the advantage of unlocking rather than simplifying the complexities of digital culture With their worldbuilding potential TV series open up new artistic horizons particularly for the dystopian genre Situated at the nexus of dystopia complex TV and a metamodern cultural logic *Dystopia on Demand Technology Digital Culture and the Metamodern Quest in Complex Serial Dystopias* offers readers novel insights into the dynamics of serial dystopias in the contemporary streaming landscape Introducing the term complex serial dystopias to describe series that allow audiences to engage with the dystopian premise from multiple angles the book examines four Anglo American series including *Black Mirror* *Mr Robot* *Westworld* and *Kiss Me First* The in depth analyses trace the variety of ways in which these series offer critical reflections on the human technology entanglement in digital culture

Romantic Futures Evy Varsamopoulou, 2023-12-15 *Romantic Futures* is a collection which explores the significance of futurity in British Romanticism from a comparative perspective in three defining manifestations the future as conscious legacy by which is meant both influences or continuities and the anticipations of impact on the future the future as revealed by prophecy whether via religious figures or superstitions and a meditation on the temporality of the future or the future as a concept The book brings together a wide range of theoretical and disciplinary perspectives from utopian studies history religion and cultural theory to future studies neuroscience video games and art history Aiming to increase and diversify current critical engagement and highlight the contemporary relevance of the Romantics multivalent preoccupation with the future this collection renews the dialogue between Romanticism and our critical relation to its contemporaneity especially as it speaks to current understandings of the future in the sciences arts and humanities

Monsters, Mushroom Clouds, and the Cold War M. Keith Booker,2001 Surveying a wide range of major science fiction novels and films this book focuses on the long 1950s the period from 1946 to 1964 when the tensions of the Cold War were at their peak It demonstrates that these works reflect their historical and political contexts through a consistent concern with such phenomena as alienation and routinization which Marxist critics have seen as central consequences of capitalism Through its engagement with such issues American science fiction of this period reflects the growing hegemony of capitalist ideology and consequently demonstrates the beginnings of postmodernism as a major American cultural phenomenon
