Postapocalyptic Fiction and the Social Contract Claire P. Curtis, 2010-07-17 Postapocalyptic Fiction and the Social Contract We'll Not Go Home Again provides a framework for our fascination with the apocalyptic events The popular appeal of the end of the world genre is clear in movies novels and television shows Even our political debates over global warming nuclear threats and pandemic disease reflect a concern about the possibility of such events This popular fascination is really a fascination with survival how can we come out alive And what would we do next The end of the world is not about species death but about beginning again This book uses postapocalyptic fiction as a terrain for thinking about the state of nature the hypothetical fiction that is the driving force behind the social contract The first half of the book examines novels that tell the story of the move from the state of nature to civil society through a Hobbesian a Lockean or a Rousseauian lens including *Lucifer's Hammer* by Larry Niven and Jerry Pournelle *Alas Babylon* by Pat Frank *Malevil* by Robert Merle and *Into the Forest* by Jean Hegland The latter half of the book examines Octavia Butler's postapocalyptic Parable series in which a new kind of social contract emerges one built on the fact of human dependence and vulnerability **The End** G. Michael Hopf, 2017-10-30 Nineteen years have passed since a nuclear world war wiped out the United States leaving nothing but charred and ruined cities. Out of the ashes, small pockets of survivors banded together to forge new societies in the few areas not ravaged by the nuclear holocaust. One community has not only risen but thrived. Known as The Collective, they pride themselves on an orderly system of government with a functioning infrastructure. The citizenry owe their success to their founder, The Number One, who presides over them with an iron fist. Life in The Collective centers on contribution and purpose. All are assigned responsibilities, and if one cannot fulfill them, they are cast out. The most coveted but dangerous responsibility is that of a driver. Drivers ride the lonely and barren roads scavenging and exploring the outer reaches. Over the years, only one has emerged as a legend, and his name is Driver 8. **Hood** Evan Pickering, 2016-01-13 A Legend is Reborn in the American Apocalypse For Rob Hood, Huntington, a regular twenty-something kid from D.C., the end of civilization happened in an instant. There were no warnings. One day, the power cuts off, and it never comes back on. His home city devolves to chaos after being decimated by a nuclear blast. An unknown war has shattered the American Civilization we all knew. Luckily for Hood, he quickly discovers he's one of the most naturally gifted marksmen alive. Two years have passed since civilization has collapsed. Hidden away in the mid-Atlantic countryside rests the small town of Clearwater, where Hood, his sister Taylor, and an ex-cop by the name of Whiskey lead a group of thieving survivors. In the remnants of America, two wasteland kings fight a ruthless war for control of the land. A war Hood and his loved ones cannot escape. In between making bad jokes and getting drunk with the unlikely friends he's made in the Clearwater crew, Hood has to face the reality of this new world: you have to fight for your survival, you have to fight for your family, you have to fight for what you believe. Even if you see yourself in the faces of the people on the other end of the trigger.
