Advanced Social Media Marketing How to Lead Launch and Manage a Successful Social Media Program is for the manager who already knows something about social media and wants to roll up his or her sleeves and get down to business In it we simplify tasks that might otherwise be complicated like adopting and tracking key performance metrics developing online ad campaigns or creating Facebook apps like games giveaways and sweepstakes with the capacity to go viral Businesses can harness the unique advantages of this new medium but they need a practical no nonsense guide like this one Otherwise they risk being ignored wasting time and money or even worse damaging their own brand and seeing a well intentioned online program blow up The book is heavy on the how to case studies campaign results and other statistics and interviews with ecommerce managers at businesses large and small It also includes the author's own experiences at Green Mountain Coffee Roasters Wine of the Month Club and others While this book will be accessible enough for someone implementing a social media program for the first time it's ambitious enough to benefit experienced SM hands who are looking for good ideas and techniques to push their online community to the next level of size interactivity and buzz
