## **Child Support Child Support:**

Child Support Guidelines Laura W. Morgan, 2011-09-28 *Child Support Guidelines Second Edition* is the only comprehensive guidebook for determining child support awards that takes practitioners step by step through the interpretation and application of the guidelines and their worksheets in both the normal and exceptional child support case. This unique publication thoroughly covers each state's version of one of the three basic models for determining child support: the percentage of income model, the income shares model, and the Melson formula. Important issues affecting calculations are clearly explained, including: Definition of "income" under the guidelines; The impact of divided custody, shared custody, split custody, and extended visitation; Second household expenses; other dependents; subsequent children and stepchildren; Impact of a private contract on the court's decision to apply the guideline amount; Deviation from the guidelines for a high income parent; Deviation from the guidelines to pay for medical expenses, private school, and child care expenses; Imputed income; Modification of prior awards; And more. **Child Support Guidelines**, 1994 *Handbook on Child Support Enforcement* Office of Child Support Enforcement, 2008 A how to guide for getting the payments owed to you and your children. Lists state and federal offices to contact for more information. Child Support Report, 1992 *Child Support in America* Joseph I. Lieberman, 1988-07-01 Explains how to arrive at a fair child support settlement, discusses the problem of delinquent payments, and suggests ways to improve the system. *The Child Support Survivor's Guide* Barry T. Schnell, 1988 **Child Support and Public Policy** Judith Cassetty, 1978 Pesquisa realizada nos EUA sobre a assistência a criança em especial ao filho de pais divorciados e em solteiras. Child Support and Child Well-being Irwin Garfinkel, 1994 Gender, Families, and State Jyl J. Josephson, 1997 This insightful and original book is the first to examine the relationship between families and the state in the United States, both in theory and in practice, using child support policy as a lens of analysis. Josephson cogently presents the origins, evolution, and organization of federal child support programs and persuasively demonstrates how some child support enforcement policies, rather than increasing women's access to economic resources, expand government and social control over the beneficiaries. Drawing on the literature of both feminist political theory and public policy implementation, Josephson analyzes the impact of family law and social welfare policies through several empirical case studies. This is important reading for anyone interested in political theory, public policy, and women's relationship to the state. Child Support Mary L. Boland, 2004 Contents: The basics; Establishing parentage; Calculating child support; Agreeing to child support; Filing for child support; Enforcement tools; Enforcing your order; Modification; Termination; Appeal; Finding the law; The role of lawyers.
