*Divided Village: The Cold War in the German Borderlands* Jason B. Johnson, 2017-05-18 In 1983 then US Vice President George H W Bush delivered a speech in London He had just been in West Berlin and spoke about his first visit to the Berlin Wall Bush then went on to describe another German wall he saw after Berlin if anything that wall was an even greater obscenity than its eponym to the north The story of that wall is a fascinating and valuable slice of the history of post war Europe That wall had gone up nearly two hundred miles southwest of Berlin at the edge of divided Germany in the tiny remote farming village of M dlareuth For nearly half the twentieth century the Iron Curtain divided M dlareuth in two In this little valley surrounded by forests and fields the villagers of M dlareuth found themselves on the literal front line of the Cold War The East German state gradually militarized the border through the community while eastern villagers exhibited a range

of responses to cope with their changing circumstances reflective of the variable nature of the Cold War border through Germany along the Iron Curtain the size and isolation of the divided place influenced the local character of the division

**Japanese Studies from Pre-History to 1990** Richard Perren, 1992 **World History** Elisabeth Gaynor Ellis, Anthony Esler, 2014 **Reading the Kimono in Twentieth-Century Japanese Literature and Film** Michiko Suzuki, 2023-08-31

Often considered an exotic garment of traditional Japan, the kimono is in fact a vibrant part of Japanese modernity, playing an integral role in literature and film throughout the twentieth century. *Reading the Kimono in Twentieth-Century Japanese Literature and Film* is the first extended study to offer new ways of interpreting textual and visual narratives through kimono language: what these garments communicate within their literary, historical, and cultural contexts. Kimonos on the page and screen do much more than create verisimilitude or function as one-dimensional symbols. They go beyond simply indicating the wearer's age, gender, class, and taste as eloquent, heterogeneous objects; they speak of wartime and postwar histories and shed light on everything from gender politics to censorship. By reclaiming kimono language once a powerful shared vernacular, Michiko Suzuki accesses inner lives of characters hidden plot points, intertextual meanings, resistant messages, and social commentary. *Reading the Kimono* examines modern Japanese literary works and their cinematic adaptations, including Tanizaki Jun'ichirō's canonical novel *The Makioka Sisters* and its film versions, one screened under the US Occupation and another directed by Ichikawa Kon in 1983. It also investigates Kōda Aya's *Kimono* and *Flowing*, as well as Naruse Mikio's 1956 film adaptation of the latter. *Reading the Kimono* additionally advances the study of women writers by discussing texts by

Tsuboi Sakae and Miyao Tomiko authors often overlooked in scholarship despite their award winning bestselling stature Through her analysis of stories and their afterlives Suzuki offers a fresh view of the kimono as complex material to be read She asks broader questions about the act of interpretation what it means to explore both texts and textiles as inherently dynamic objects shaped by context and considered differently over time Reading the Kimono is at once an engaging history of the modern kimono and its representation and a significant study of twentieth century Japanese literature and film
