Gallagher,2008-06-10 In the corridors of the Vatican on the eve of World War II American Catholic priest Joseph Patrick Hurley found himself in the midst of secret diplomatic dealings and intense debate Hurley s deeply felt American patriotism and fixed ideas about confronting Nazism directly led to a mighty clash with Pope Pius XII It was 1939 the earliest days of Pius s papacy and controversy within the Vatican over policy toward Nazi Germany was already heated This groundbreaking

book is both a biography of Joseph Hurley the first American to achieve the rank of nuncio or Vatican ambassador and an insider's view of the alleged silence of the pope on the Holocaust and Nazism Drawing on Hurley's unpublished archives the book documents critical debates in Pope Pius's Vatican secret U S Vatican dealings the influence of Detroit's flamboyant anti-Semitic priest Charles E Coughlin and the controversial case of Croatia's Cardinal Stepinac The book also sheds light on the powerful connections between religion and politics in the twentieth century *The Secret Mirror* Larry E.

Shiner,2019-06-30 Tocqueville opens the *Recollections* his deeply ambivalent memoir of the failed 1848 Revolution in France with an explicit denial of any literary intent or rhetorical appeal Forced by illness into an unaccustomed state of leisure Tocqueville claims to record his experiences solely for his own amusement holding up a secret mirror through which he will be able to contemplate the past truthfully In this innovative study L E Shiner examines the *Recollections* as a test case of the relation between form and content in historical writing Drawing on current literary theory and semiotics Shiner offers a close reading which at once confirms the inevitably literary character of historical writing and demonstrates how rhetorical analysis of Tocqueville's writings deepens our understanding of his political thought Using the methods of reader response and rhetorical criticisms among others Shiner first analyzes the component genres and narrative structures of the *Recollections* the recurring pictorial and thematic codes and the various voices Tocqueville employs He then confronts the issue of the truth of Tocqueville's treatment of 1848 in part by comparing it with other key texts on these same events Marx's *The Class Struggles in France* and Flaubert's *Sentimental Education* Finally Shiner pursues questions of authorial style tracing the use of some of the rhetorical devices discussed in the *Recollections* through Tocqueville's *Democracy in America* *The Old Regime and the French Revolution* and *A Fortnight in the Wilderness* **The Secret Gospel of Mark Unveiled**
