Fairy Tales of London Hadas Elber-Aviram, 2021-01-28 Finalist for the 2022 Mythopoeic Scholarship Award for Myth and Fantasy Studies From the time of Charles Dickens the imaginative power of the city of London has frequently inspired writers to their most creative flights of fantasy Charting a new history of London fantasy writing from the Victorian era to the 21st century Fairy Tales of London explores a powerful tradition of urban fantasy distinct from the rural tales of writers such as J R R Tolkien Hadas Elber Aviram traces this urban tradition from Dickens through the scientific

romances of H G Wells the anti fantasies of George Orwell and Mervyn Peake to contemporary science fiction and fantasy writers such as Michael Moorcock Neil Gaiman and China Mi ville

Gender Warriors U. Melissa Anyiwo, Amanda Hobson, 2019-01-14 Gender Warriors Reading Contemporary Urban Fantasy offers classroom ready original essays outlining contemporary debates about sexual objectification and gender norms in urban fantasy and examining how those cultural categories are reinforced and unraveled The essays explore the foundations and evolutions of urban fantasy and presentations of gendered identities in a wide variety of sources focusing not only on popular examples such as Buffy the Vampire Slayer and Underworld but also on less studied works for instance Penny Dreadful and Anita Blake The authors address the sociocultural institutions that bind gender to the body and shape our views of gendered norms inviting students of all experience levels to engage in interdisciplinary conversations about both theoretical and embodied constructions of gender and the production of genre and generic conventions The text unpacks cultural norms of gender and addresses issues of identity construction within an endlessly evolving genre This collection demonstrates the way that representations of gender and the kick ass female urban fantasy warrior have upended and reinforced a broad range of expectations and tropes making it a fascinating text for any course such as first year studies literature film gender studies sociology cultural studies history and more

Ordinary Cities Jennifer Robinson, 2013-07-04 With the urbanization of the world s population proceeding apace and the equally rapid urbanization of poverty urban theory has an urgent challenge to meet if it is to remain relevant to the majority of cities and their populations many of which are outside the West This groundbreaking book establishes a new framework for urban development It makes the argument that all cities are best understood as ordinary and crosses the longstanding divide in urban scholarship and urban policy between Western and other cities especially those labelled Third World It considers the two framing axes of urban modernity and development and argues that if cities are to be imagined in

equitable and creative ways urban theory must overcome these axes with their Western bias and that resources must become at least as cosmopolitan as cities themselves Tracking paths across previously separate literatures and debates this innovative book a postcolonial critique of urban studies traces the outlines of a cosmopolitan approach to cities drawing on evidence from Rio Johannesburg Lusaka and Kuala Lumpur Key urban scholars and debates from Simmel Benjamin and the Chicago School to Global and World Cities theories are explored together with anthropological and developmentalist accounts of poorer cities Offering an alternative approach Ordinary Cities skilfully brings together theories of urban development for students and researchers of urban studies geography and development **George Gissing, the Working**

Woman, and Urban Culture Emma Liggins,2017-09-29 George Gissing s work reflects his observations of fin de si cle London life Influenced by the French naturalist school his realist representations of urban culture testify to the significance of the city for the development of new class and gender identities particularly for women Liggins s study which considers standard texts such as The Odd Women New Grub Street and The Nether World as well as lesser known short works examines Gissing s fiction in relation to the formation of these new identities focusing specifically on debates about the working woman From the 1880s onward a new genre of urban fiction increasingly focused on work as a key aspect of the modern woman s identity elements of which were developed in the New Woman fiction of the 1890s Showing his fascination with the working woman and her narrative potential Gissing portrays women from a wide variety of occupations ranging from factory girls actresses prostitutes and shop girls to writers teachers clerks and musicians Liggins argues that by placing the working woman at the center of his narratives rather than at the margins Gissing made an important contribution to the development of urban fiction which increasingly reflected current debates about women s presence in the city World Trends in Environmental Education J.
