## **Child Migration Scheme:**

**Stolen Childhoods** Child Migrants Trust, 2013      **Fairbridge** Geoffrey Sherington, Chris Jeffery, 1998 First Published in 1998 Routledge is an imprint of Taylor Francis an informa company      **UK Child Migration to Australia, 1945-1970** Gordon Lynch, 2021-04-21 This open access book offers an unprecedented analysis of child welfare schemes situating them in the wider context of post war policy debates about the care of children Between 1945 and 1970 an estimated 3 500 children were sent from Britain to Australia unaccompanied by their parents through child migration schemes funded by the Australian and British Governments and delivered by churches religious orders and charities Functioning in a wider history of the migration of unaccompanied children to overseas British colonies the post war schemes to Australia have become the focus of public attention through a series of public reports in Britain and Australia that have documented the harm they caused to many child migrants Whilst addressing the wide range of organisations involved the book focuses particularly on knowledge assumptions and decisions within UK Government Departments and asks why these schemes continued to operate in the post war period despite often failing to adhere to standards of child care set out in the influential 1946 Curtis Report Some factors such as the tensions between British policy on child care and assisted migration are unique to these schemes However the book also examines other factors such as complex government systems fragmented lines of departmental responsibility and civil service cultures that may contribute to the failure of vulnerable people across a much wider range of policy contexts      **Remembering Child Migration** Gordon Lynch, 2015-12-03 Between 1850 and 1970 around three hundred thousand children were sent to new homes through child migration programmes run by churches charities and religious orders in the United States and the United Kingdom Intended as humanitarian initiatives to save children from social and moral harm and to build them up as national and imperial citizens these schemes have in many cases since become the focus of public censure apology and sometimes financial redress Remembering Child Migration is the first book to examine both the American orphan train programmes and Britain's child migration schemes to its imperial colonies Setting their work in historical context it discusses their assumptions methods and effects on the lives of those they claimed to help Rather than seeing them as reflecting conventional child care practice of their time the book demonstrates that they were subject to criticism for much of the period in which they operated Noting similarities between the American orphan trains and early British migration schemes to Canada it also shows how later British child migration schemes to Australia constituted a reversal of what had been understood to be good practice in the late Victorian period At its heart the book considers how welfare interventions motivated by humanitarian piety came to have such harmful effects in the lives of many child migrants By examining how strong moral motivations can deflect critical reflection legitimise power and build unwarranted bonds of trust it explores the promise and risks of humanitarian sentiment      **Remembering Child Migration** Gordon Lynch, 2015-12-03 Between 1850 and 1970 around three hundred thousand children were sent to new

homes through child migration programmes run by churches charities and religious orders in the United States and the United Kingdom Intended as humanitarian initiatives to save children from social and moral harm and to build them up as national and imperial citizens these schemes have in many cases since become the focus of public censure apology and sometimes financial redress Remembering Child Migration is the first book to examine both the American orphan train programmes and Britain's child migration schemes to its imperial colonies Setting their work in historical context it discusses their assumptions methods and effects on the lives of those they claimed to help Rather than seeing them as reflecting conventional child care practice of their time the book demonstrates that they were subject to criticism for much of the period in which they operated Noting similarities between the American orphan trains and early British migration schemes to Canada it also shows how later British child migration schemes to Australia constituted a reversal of what had been understood to be good practice in the late Victorian period At its heart the book considers how welfare interventions motivated by humanitarian piety came to have such harmful effects in the lives of many child migrants By examining how strong moral motivations can deflect critical reflection legitimise power and build unwarranted bonds of trust it explores the promise and risks of humanitarian sentiment Continuity and Change Patricia M. O'Connor, Fidelma McCorry, 2025-04-15 Bringing together a multidisciplinary team of authors this book relays the untold story of postwar migration between Ireland and Australia Spanning the period 1945-2024 it explores the experiences of migrants from the Republic of Ireland and Northern Ireland and provides insights into the multiple reasons these migrants came to Australia factors which prompted permanency or return and the extent of continuity and change between recent arrivals and their historical predecessors Contemporary flows are examined through the lens of social economic policy and technological changes occurring at the time in Ireland Australia and globally Decades of economic boom and bust in Ireland including the growth and demise of the Celtic Tiger the impact of government investment in education in the Republic and the Troubles in Northern Ireland occurred alongside marked changes in Australia's immigration policy During this time an increased affordability of international travel and communication brought new dynamics to the tyranny of distance that characterised historical flows How contemporary migrants from Ireland navigated these changes in terms of identity and belonging homesickness and transnationalism are the key themes which are explored The role of Ireland's Government in relation to its migrant community in Australia and the impact of COVID-19 are also considered This book not only fills a gap in Ireland's diaspora research but also contributes to migration studies more broadly particularly the experiences of invisible immigrants The Child, 1917 Settlers at the end of empire Jean P. Smith, 2022-07-12 Settlers at the end of empire traces the development of racialised migration regimes in South Africa Rhodesia present day Zimbabwe and the United Kingdom from the Second World War to the end of apartheid in 1994 While South Africa and Rhodesia like other settler colonies had a long history of restricting the entry of migrants of colour in the 1960s under existential threat and after abandoning formal ties with the Commonwealth they began to actively

recruit white migrants the majority of whom were British At the same time with the 1962 Commonwealth Immigrants Act the British government began to implement restrictions aimed at slowing the migration of British subjects of colour In all three nations these policies were aimed at the preservation of nations imagined as white revealing the persistence of the racial ideologies of empire across the era of decolonisation Imperial Investments Katja Uusihakala,2025-04-01 This book examines the legacy of a British child migration scheme that relocated British children to Southern Rhodesia between 1946 and 1962 with the aim of populating the colony with fresh white stock The selected children were resettled at Rhodesia Fairbridge Memorial College a boarding school established in a disused RAF airbase outside the town of Bulawayo This social engineering project sought to rescue children from what were predicted as undesirable futures in Britain and offer them a better life with prospects of social advancement Yet beyond individual salvation the scheme emigrated the children with the intention that they would help sustain the racially segregated colonial order Building on long term ethnographic research with former Rhodesian child migrants now living in the UK South Africa Australia and New Zealand this book delves into the children s unique experiences of migration displacement and resettlement By highlighting these enduring emotional social and political repercussions the author critically addresses how colonial histories matter in the present Through the lens of former child migrants whose kin relations were ruptured who were disciplined into silence and suppression and who have seen scant public recognition of their past this book sheds light on the formation of memory through its gaps and silences It contributes to our understanding of memory in relation to forced migration and displaced communities *Migration Laws and Treaties* International Labour Office,1928 **The Australian People** James Jupp,2001-10 Australia is one of the most ethnically diverse societies in the world today From its ancient indigenous origins to British colonisation followed by waves of European then international migration in the twentieth century the island continent is home to people from all over the globe Each new wave of settlers has had a profound impact on Australian society and culture The Australian People documents the dramatic history of Australian settlement and describes the rich ethnic and cultural inheritance of the nation through the contributions of its people It is one of the largest reference works of its kind with approximately 250 expert contributors and almost one million words Illustrated in colour and black and white the book is both a comprehensive encyclopedia and a survey of the controversial debates about citizenship and multiculturalism now that Australia has attained the centenary of its federation Knight's Local Government and Magisterial Reports ,1929 **Migration Laws and Treaties ...** International labor office, Geneva,1928 Report on Education Southern Rhodesia. Department of Education,1927 **National Union Gleanings** ,1923 The Freethinker ,1987 **New Zealand** Great Britain. Commercial Relations and Exports Department,1922 Reporting Child Abuse Megan-Jane Johnstone,1999 *Report Commonwealth Shipping Committee*,1912 *Parliamentary Debates (Hansard)*. Great Britain.
