**The Family Caught** Mark Cox,2010-01-29 The Family Caught is a mesmeric expose of what is normally hidden from public scrutiny what happens when a family self destructs and ends up in the Family Court Although a piece of fiction this story of three children s experiences of separation divorce and the dreadful after effects has been played out many times in real life It is a confronting story and not for the faint hearted It follows the lives of first the parents and then the children as their worlds fall apart How do children cope during separation What do their parents do about it What do the authorities do about it There is laughter there are tears there are little heroes who don t deserve the traumas they are put through but who manage to cope anyway If you like courtroom drama if you like to see a family in microcosm if you like to see the struggles of ordinary people for justice then this book will remain on your mind for years after reading it
