The Little Book That Still Beats the Market Joel Greenblatt, 2010-08-26 In 2005 Joel Greenblatt published a book that is already considered one of the classics of finance literature In The Little Book that Beats the Market a New York Times bestseller with 300 000 copies in print Greenblatt explained how investors can outperform the popular market averages by simply and systematically applying a formula that seeks out good businesses when they are available at bargain prices Now with a new Introduction and Afterword for 2010 The Little Book that Still Beats the Market updates and expands upon the research findings from the original book Included are data and analysis covering the recent financial crisis and model performance through the end of 2009 In a straightforward and accessible style the book explores the basic principles of successful stock market investing and then reveals the author's time tested formula that makes buying above average companies at below average prices automatic Though the formula has been extensively tested and is a breakthrough in the academic and professional world Greenblatt explains it using 6th grade math plain language and humor He shows how to use his method to beat both the market and professional managers by a wide margin You'll also learn why success eludes almost all individual and professional investors and why the formula will continue to work even after everyone knows it While the formula may be simple understanding why the formula works is the true key to success for investors The book will take readers on a step by step journey so that they can learn the principles of value investing in a way that will provide them with a long term strategy that they can understand and stick with through both good and bad periods for the stock market As the Wall Street Journal stated about the original edition Mr Greenblatt says his goal was to provide advice that while sophisticated could be understood and followed by his five children ages 6 to 15 They are in luck His Little Book is one of the best clearest guides to value investing out there

Invest Like a Couch Potato Scott Burns, 2026-03-10 Written with a light touch Invest Like A Couch Potato will guide you to financial security and personal freedom It begins with a simple proven investment strategy It will liberate your time and free you from unnecessary worry It will put you on the road to financial independence and keep you there Unlike many financial books Invest Like a Couch Potato is grounded in our shared human needs and wants The book explains the basic tools for accumulating wealth It will help free your mind from the pervasive influence of misleading media Not to mention the over promising of financial salespeople Written by Scott Burns one of the most prolific and insightful personal finance writers in the country this book doesn't try to make you the richest person in the world It enables you to recapture the ultimate currency your time It lights your path to the bliss of having Enough Supported by hard data additional resources through Scott's website and tools like the Couch Potato portfolio cookbook the book explores A Winning but Simple Investment Strategy Nearly free ETFs provide low cost compound growth and long term returns superior to 80 to 90 percent or more of managed alternatives over long time periods If you can fog a mirror and divide by the number 2 or make a margarita he'll show you how to get better investment results and a better retirement with

little or no effort Results and Rewards His Pudding Report shows the meat actual retirement cash balances Not percentage returns Other reports show the accumulation differences between high and low cost management while accumulating The benefits of simple low cost investing continue when retired Moneyporn He reveals the seductive and misleading habits of financial media The Big Kahuna He shows how shelter borrowing time and health are critical pieces of our lifetime puzzle Invest Like a Couch Potato is the perfect guide for readers seeking to take control of their financial Destiny It provides a simple investment strategy that will build a strong independent mindset International Book Publishing Philip G.
