

CBCS Study Guide, Practice Test and Exam Common FAQs

Are coding manuals required with the CBCS exam?

Yes, all candidates taking the CBCS exam are required to bring the following coding manuals to their exam:

- CPT Professional Edition
- HCPCS Level II
- ICD-10-CM

No other manuals will be accepted. Candidates must bring the hard copy of the coding manuals; no digital versions will be allowed in the testing room. **Candidates who fail to bring the three coding manuals will not be permitted to take the exam and will forfeit their registration fee.**

What year/edition of the coding manuals will candidates need when a program overlaps into more than one calendar year?

Coding manuals are updated annually. Candidates must bring the correct edition of the manuals to the exam, in accordance with the following rules:

- 1) All exams taken before June 1st of each year should use the previous year's coding manuals.
- 2) All exams taken on or after June 1st of each year should use the current year's coding manuals.
- 3) **As an example, if the candidate takes the exam before June 1, 2022, he or she should use the 2021 edition. However, if the candidate takes the exam on or after June 1, 2022, he or she should use the 2022 edition. This requirement will apply to future exams in subsequent years.**
- 4) If the candidate does not have the edition of the manual described in #3, he or she may use the immediately preceding edition. Older editions will not be accepted, and the candidate will not be admitted to the exam. Candidates should make every attempt to use the most current edition recommended in #3; outdated manuals may adversely affect the candidate's performance on the exam.

***Refer to the candidate handbook for additional information.**
