**Maternal Child Nursing Care in Canada - E-Book** Lisa Keenan-Lindsay, Cheryl Sams, Constance L. O'Connor, Shannon E. Perry, Marilyn J. Hockenberry, Deitra Leonard Lowdermilk, David Wilson, 2016-10-11. Featuring the most accurate current and clinically relevant information available, *Maternal Child Nursing Care in Canada* 2nd Edition combines essential maternity and pediatric nursing information in one text. The promotion of wellness and the care for women experiencing common health concerns throughout the lifespan, care in childbearing as well as the health care of children and child development in the context of the family. Health problems including physiological dysfunctions and children with special needs and illnesses are also featured. This text provides a family centred care approach that recognizes the importance of collaboration with families when providing care. Atraumatic Care boxes in the pediatric unit teach you how to provide competent and effective care to pediatric patients with the least amount of physical or psychological stress. Nursing Alerts point students to critical information that must be considered in providing care. Community Focus boxes emphasize community issues, supply resources and guidance and illustrate nursing care in a variety of settings. Critical thinking case studies offer opportunities to test and develop analytical skills and apply knowledge in various settings. Emergency boxes guide you through step by step emergency procedures. Family Centred Teaching boxes highlight the needs or concerns of families that you should consider to provide family centred care. NEW Content updates throughout the text give you the latest information on topics such as perinatal standards, mental health issues during pregnancy, developmental and neurological issues in pediatrics, new guidelines including SOGC and CAPWHN. NEW Increased coverage on health care in the LGBTQ community and First Nations, Metis and Inuit population. NEW Medication Alerts stress medication safety concerns for better therapeutic management. NEW Safety Alerts highlighted and integrated within the content draw attention to developing competencies related to safe nursing practice.

**Does My Child Need Help?** William K. Wilkinson, 2014-10-20. Are you worried about your child's learning ability or behaviour? Do you suspect they may have a problem like dyslexia or AD/HD? Your child's teacher may have recommended they be assessed by an educational psychologist, but what does this entail? Written by a practising educational psychologist with 25 years experience in the United States and Ireland, *Does My Child Need Help?* clearly explains the process and positive impact of an educational assessment, guiding the reader step by step through the process of initial contact with the psychologist, subjective assessment, behaviour observations, background information, existing reports etc. Objective assessment, cognitive tests, rating scales and other measures. Diagnosis. The components of the psychologist's report. Recommendations and interventions. *Does My Child Need Help?* will aid parents in understanding the entire process, answering common questions such as: What happens? What do I say to my child? and What do the results mean for my child's education? Through case studies, example reports and testimonials from parents, resource teachers and special

needs coordinators Using graphs to visually illustrate how different problems are diagnosed the author shares his expert advice with the reader covering the diagnosis and management of frequently occurring problems such as dyslexia dyscalculia AD HD autistic spectrum disorders and emotional behavioural difficulties While aimed primarily at parents Does My Child Need Help will also prove useful to teachers special needs assistants students healthcare professionals and psychologists
