Chinese Language and Culture 中国语言和文化 Weijia Huang, Qun Ao, 2021-01-28 This reader is designed for an intermediate level Chinese course in which students not only develop proficiency in the Chinese language but also gain some knowledge of Chinese culture. It consists of twenty-two lessons which are arranged according to their level of difficulty. Each lesson contains a core text and a reading text. The contents of the texts cover a wide variety of topics including Chinese language structures and characters, Chinese customs, proverbs, holidays, social phenomena, religions, poetry, and geography, as well as Chinese folklore. A list of questions for group discussion follows the text in each chapter to help students further explore issues related to Chinese culture and to their own lives. Grammar notes and exercises for relevant grammatical points are introduced after each core text to enhance students' skills of reading comprehension and writing. The grammar notes are all explained in English and illustrated through sample sentences in Chinese with English translations. The exercises are written in a simple and humorous style to maintain students' interest.
