The Convert's Guide and Preacher's Assistant Timothy Merritt, 1841

In Search of the American Spirit Gregory S. Butler, 1992 He found his own views compatible with those of Brownson who not only disputed the prevalent theory that morality has no place in politics but argued that morality is an

integral part of the political process Extensively utilizing Brownson's lesser known writings Butler examines in chronological order the phases of Brownson's personal and spiritual development thereby assessing the importance and contemporary relevance of his thought He gives special attention to Brownson's belief that the moral interpretation assigned to American political symbols Liberty Equality the Rights of Man are derived from the American understanding of the nature and destiny of the human soul Brownson eventually came to believe that humankind can only progress by finding inspiration in the divine and that the American political order must be based in the Christian especially the Roman Catholic moral tradition
