#### **Sublimation and Superego**

Jared Russell,2021-11-29 This book integrates thinking about dilemmas faced in the context of the clinical practice of psychoanalysis today with contemporary social and political concerns specific to the age of the global consumer marketplace Beginning with an analysis of the fate of the concept of sublimation in Freud s work and its relationship to the elaboration of the concept of the superego in 1923 Jared Russell examines how these concepts provide a lever for integrating psychoanalytic thinking with topics of urgent social concern beyond the critique of ideology Taking up topics such as the experience of time addiction to consumption and the general consequences of the insinuation of digital technologies at increasingly earlier stages in human development and thinking these through the lens of what the clinical practice of psychoanalysis teaches us about intimate human relatedness the book addresses how a philosophically oriented approach to psychoanalysis can illuminate our response to the problems of everyday life under conditions of late capitalism Drawing on a diverse range of authors such as Freud Heidegger Hans Loewald Christopher Bollas Lacan Deleuze and Bernard Stiegler it is argued that the concepts of sublimation and of the superego must be reinvented with regard to both clinical and critical discourse today if psychoanalysis is to remain relevant to the major issues we face both individually and collectively in the twenty first century Sublimation and Superego Psychoanalysis Between Two Deaths stages a unique encounter between philosophy critical theory and clinical practice that will be of interest to psychoanalysts scholars of twentieth century
