The Imagined Arctic in Speculative Fiction Maria Lindgren Leavenworth, 2023-07-31 The Imagined Arctic in Speculative Fiction explores the ways in which the Arctic is imagined and what function it is made to serve in a selection of speculative fictions non mimetic works that start from the implied question What if Spanning slightly more than two centuries of speculative fiction from the starting point in Mary Shelley s 1818 Frankenstein to contemporary works that engage with the vast ramifications of anthropogenic climate change analyses demonstrate how Arctic discourses are supported or subverted and how new Arctics are added to the textual tradition To illuminate wider lines of inquiry informing the way the world is envisioned humanity s place and function in it and more than human entanglements analyses focus on the function of the actual Arctic and how this function impacts and is impacted by speculative elements With effects of climate change training the global eye on the Arctic and as debates around future northern cultural economic and environmental sustainability intensify there is a need for a deepened understanding of the discourses that have constructed and are constructing the Arctic A careful mapping and serious consideration of both past and contemporary speculative visions thus illuminate the role the Arctic has played and may come to play in a diverse set of practices and fields [Digital Games eBook](#) GURMEET SINGH DANG, [Dystopia in Arabic Speculative Fiction](#) Wessam Elmeligi, 2023-08-29 Dystopia in Arabic Speculative Fiction A Poetics of Distress unpacks the nuanced Arabic contribution to speculative fiction Part of a larger project by Elmeligi to formulate a poetics of literary theory to read Arabic literature this book examines Arabic dystopian fiction from the lens of social causes of psychological distress The selected novels combine works by authors already established in studies by Western scholars and many that have not been translated before or have not received enough scholarly attention yet The novels represent an array of Arab countries including Algerian Egyptian Jordanian Kuwaiti Mauritanian Syrian and Tunisian authors It also highlights the contribution of women authors to Arabic speculative fiction This book enriches the conversation about what is quite possibly a significant speculative fiction turn in the Arabic novel as well as provides a new theoretical approach to read such complex and innovative literature [California](#) , 1989

TLS, the Times Literary Supplement , 1987 **Nuclear Holocausts** Paul Briens, 1987 The anxiety caused by the thought of nuclear war causes some people to avoid the topic altogether some to despair and others to place unwarranted confidence in scientific or governmental control However the vivid characters and realistic settings of fiction can bring home the impact of a nuclear war in a way that makes the topic difficult to avoid and allows readers to confront their fears and phobias This bibliography study is the only compilation of its kind to deal exclusively with nuclear war in fiction The first five chapters provide a historical survey of the development of the nuclear war theme and a study of the causes and aftermath of nuclear war as treated in literature In addition Briens considers the significant failure of some works to confront the subject and the success of others as educational tools With a clear focus on the subject of war this work does not deal with such

related topics as nuclear accidents reactor disasters or near war situations The bulk of the book is given over to the detailed annotated bibliography which consists of over 800 entries with associated checklists Intended to provide scholars librarians and general readers with ready access to a great variety of information about his body of writing the bibliography lists both hardcover and paper editions of books and the reprinting of each short story and corrects several errors in other standard reference works In his critical analysis and through the annotations in the bibliography Brians attempts to improve our understanding of cultural attitudes toward the dangers posed by the ever present reality of nuclear weaponry Jacket
