child and telling them what it is However for many children this is not nearly enough As a result their reading and comprehension of these crucial words is lacking which significantly brings down their overall reading ability Scholdener's Sight Word Workbook is the solution A Multi Dimensional Approach Educational research has shown that the best technique for learning sight words is accurate writing and spelling of the word comprehension of its use in a simple sentence and a visual representation of the phrase to reinforce how the word is used in context Scholdener's Sight Word Workbook is the only workbook that uses this multi dimensional model for each and every one of its 200 words This ensures that the child really grasps the sight word along with its spelling meaning and usage In teaching terms giving your child the opportunity to learn words in proper context is known as meaningful reading This is an extremely effective tool that has been shown to be far superior for retention than plain memorization or rote learning Includes Dolche Word List Educator Dr Edward William Dolch developed the Dolch Sight Words List by studying the most frequently occurring words in children's books These words comprise a staggering 80% of the words you would find in a standard children's book Once a child knows this list of words it makes reading much easier You'll be pleased to know that this workbook incorporates the key Dolch words Book Details 8 5 x 11 Large size provides plenty of room for writing inside 200 sight words TWICE as many as other workbooks More than 100 pages of writing exercises From trusted education publisher Scholdener's Made in the USA If you want to boost your child's language skills scroll up and click Add to Cart now [Sight Words Plus Level 2: Sight Words Flash Cards with Critters for Kindergarten & Up](#) Bugville Learning,2014-09-03 208 pages Discover the Math Reading Flashcard Series Flash cards with attitude and critters The author Robert Stanek collected sight word lists wall word lists and vocabulary lists while his four children attended elementary school The Sight Words Plus system incorporates the many words on those many lists gathered over many years Knowing sight words and wall words is essential for reading fluency and classroom learning Complete with 166 words organized into 9 different word sets for easier learning With repetition and context clues your child should quickly master these important words
