Leadership in a Shrinking Church William H. Harrison, 2025-07-01 Theological and practical reflections on demographic change in the church Numerous churches are contending with the challenges posed by declining membership and attendance While these trends have most recently been ascribed to the COVID 19 pandemic the trajectory predates the pandemic and is likely to continue beyond it William Harrison takes the perspective that demographic decline is merely a reality rather than a failure to be resolved with new strategies and examines the theological and ecclesiological questions posed by a shrinking church In theological and practical reflections Harrison examines the twin crises of identity and leadership facing the church arguing that in response to demographic change churches must renew their outward focus on evangelism and service These characteristics of a diaconal church are rooted in sacramental life and self understanding in a sacramental world At the same time leaders must find ways to support these activities while managing decline *Leadership in a Shrinking Church* connects theological reflection to mission by identifying some of the challenges presented by decline and connecting them to productive responses **Monthly Bulletin.
