activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won't care about are less likely to show up in their feed We do know however that Instagram is looking at the following Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Instant Profits Guide to Instagram Success](#) Hillary Scholl, 2016-04-19 A Picture is Worth a Thousand Words Truly Instagram understands the power of this manner and utilizes the visualizing appealing concept to work around interest of users of social networking who are prone to sharing images thus helping it exceed as the fastest growing social network platform Instagram therefore holds many benefits for your business and one of its biggest advantages is the ability to tap into the massive amount of free traffic that this popular social network receives each every day When it comes to using Instagram as a promotional strategy it can be an extremely effective tool that has the potential to build brand awareness and bring in a steady flow of new customers for your business fast The ebook Instant Profits Guide to Instagram Success is a great guide consisting of 70 pages specifically designed to show both marketers or beginners on how Instagram can be used to promote any business establish Branding effectively and build a community of like minded people who are interested on making money online It focuses especially on the tools feature of Instagram through reciprocal likes hash tags and a lot of other techniques you will be able to find inside to take care of your account your images and your followers and how to make money by sharing your images on this portal
