Pricing Strategy Ethan Evans, AI, 2025-03-03 Pricing Strategy argues that effective pricing is a strategic imperative profoundly impacting profitability and competitive advantage. It moves beyond basic cost plus models to explore how understanding customer value, analyzing costs and adapting to market dynamics can unlock significant profit potential. Intriguingly, the book highlights how customers perceive value and how that perception can be measured, and it also shows how break even analysis ensures prices remain both profitable and competitive. The book employs a blend of economic principles, real world case studies, and quantitative analysis to illustrate its concepts. Beginning with foundational ideas like the psychology of pricing, the book progresses through customer value assessment, cost analysis, and various pricing strategies such as value based and dynamic models. Ultimately, it provides a framework for implementing and managing pricing strategies, offering actionable insights for businesses aiming to maximize profits and market share.
