the gap between this abstract financial world and reality That's my goal of this book There are many personal finance books out there but what makes this book unique is its intertwining of the worlds of sport and finance Explaining things like investing or asset allocation in sports scenarios that make it more interesting and relatable than complicated and boring finance talk I want to take personal finance topics and concepts and put them into a sports situation that helps explain the topic in a simple way and make it more fun Because yes you don't need to be a financial whiz to have a solid financial picture Once this book shows you the basics of financial planning through a sports lens you will be surprised how much of it is common sense This book will be your playbook to financial success Time to get off the bench and get in the game Let the training or games begin
