Once your child has mastered these key words they will Read far more fluently. Write with greater ease. Spell with increased accuracy. Boost reading comprehension. Accelerate language learning. Why Your Child MUST Master Sight Words. Sight words are a set of words that constantly appear on almost any page of writing such as who does come we. They are the building blocks of written language. However many sight words cannot be sounded out because they do not follow the standard rules of spelling. The child has to memorize sight words as a whole by sight so that they recognize them immediately without having to decode the spelling. The problem is that minimal instruction is given by teachers and parents. Often little more is done than showing the word to the child and telling them what it is. However for many children this is not nearly enough. As a result their reading and comprehension of these crucial words is lacking which significantly brings down their overall reading ability. Scholdener's Sight Word Workbook is the solution. A Multi Dimensional Approach. Educational research has shown that the best technique for learning sight words is accurate writing and spelling of the word comprehension of its use in a simple sentence and a visual representation of the phrase to reinforce how the word is used in context. This ensures that the child really grasps the sight word along with its spelling meaning and usage.
