Pinterest Reading Challenge Stories:

The Quick-Start Library Guide Kelly Mayfield, Amy O. Milstead, 2025-09-04 Helps paraprofessionals and new school librarians begin their first school year with confidence New librarians and paraprofessionals often come to school library positions with little or no experience in library work and there s a gap in instructional information available for those who want to quickly increase their skill level This book helps professionals and paraprofessionals learn what they need to know to get started as well as pointing them to additional resources in areas where they might want more advanced information This practical guide teaches librarians and paraprofessionals to develop systems and create plans for programs and partnerships with teachers and other professionals to set them up for success during their first year in the library A timeline helps map out the rhythm of a school year The Quick Start Library Guide introduces paraprofessionals to library science topics such as cataloging collection development and weeding It covers topics specific to the school library such as reading levels book fairs and author visits Each section includes suggested resources for more in depth learning Librarians and paraprofessionals will be able to use this valuable straightforward guide to hit the ground running in their new role Recovering the Lost Art of Reading Leland Ryken, Glenda Mathes, 2021-03-02 A Christian Perspective on the Joys of Reading Reading has become a lost art With smartphones offering us endless information with the tap of a finger it s hard to view reading as anything less than a tedious and outdated endeavor This is particularly problematic for Christians as many find it difficult to read even the Bible consistently and attentively Reading is in desperate need of recovery Recovering the Lost Art of Reading addresses these issues by exploring the importance of reading in general as well as studying the Bible as literature offering practical suggestions along the way Leland Ryken and Glenda Faye Mathes inspire a new generation to overcome the notion that reading is a duty and instead discover it as a delight **Masculinities in Post-Millennial Popular Romance** Eirini Arvanitaki, 2022-05-12 This book focuses on the projection of the hero s masculinity in a selection of post millennial popular romance narratives and attempts to discover if and to what extent this projection reinforces or challenges patriarchal ideas about gender In the majority of these narratives the hero is often presented as a hegemonic alpha male However hegemonic masculinity is not a fixed concept Rather it is subject to continuous change which allows for the emergence of various dominant masculinities Under a poststructuralist lens and through a close textual analysis approach and a gender reading of romance narratives the book suggests that to a certain extent the romance hero could be described as a platform onto which different forms of dominant masculinity are displayed and highlights that these masculinities do not necessarily clash depend on or function as a prerequisite for each other Library Youth Outreach Kerol Harrod, 2014-01-21 With tightened library budgets the norm librarians run the risk of cutting back so much that they isolate themselves from their patrons and their communities This doesn t have to happen The outreach methods detailed in this book range from simple actions to detailed processes Each of the 26 chapters provides helpful information for both those new to library outreach and those with years of
