ALTERNATIVE PRESS INDEX

Sci Fi Dystopia 2025 Edition:

Digger Deborah Cholette, 2026-01-06 In this dystopian middle grade novel a climate change disaster forces humanity to flee as Earth's atmosphere escapes into space Narrated by siblings Nick and Lily the story follows their resourcefulness in aiding neighbors Nick's digging prowess and Lily's strategic planning become vital as oxygen diminishes Nick unveils a hidden tunnel connecting houses forming a lifesaving network as breathable air dwindles Lily crafts a communication system with walkie talkies and baby monitors to share critical information A frantic race ensues to complete the tunnels before food and oxygen become scarce a tense battle for survival in a world teetering on the brink *District 9: Johannesburg as Nostalgic Dystopia* Landi Raubenheimer, 2024-12-23 The film District 9 made waves as an allegory of apartheid on the big screen but it has not yet been given its rightful place as a landmark depiction within broader visual cultural studies of Johannesburg and cities in the Global South In this book Landi Raubenheimer argues that District 9's portrayal of Johannesburg reverberates within a larger body of representations of the city collectively shaping a unique visual idiom for the post apartheid city as nostalgic dystopia Delving deeply into District 9 Raubenheimer brings to light the fascination that images of the city as nostalgic dystopia has held for filmmakers photographers viewers and lovers of Johannesburg alike

Cogs of Conspiracy Ettore Fenice, A story born from the imagination of machines In the grim landscape of Takara City Lira Henshaw wakes up in a sterile medical facility haunted by fractured memories of an accident that claimed her friend's lives With the oppressive regime of The Concord tightening its grip Lira navigates a treacherous world where her past is entwined with a dark conspiracy that threatens her future As she forges a bond with Caelan a rebellious ex data analyst they delve into the shadows of their shared trauma uncovering chilling truths about her accident an event that may have been orchestrated by a sinister faction within The Concord Empathic yet tormented Lira discovers her ability to manipulate technology with her mind a power that throws her into the heart of an uprising known as The Fracture Together they face harrowing betrayals unearth devastating secrets and confront a soul crushing choice between preserving family ties or dismantling the regime's ironclad control In a dystopian saga filled with suspense and emotional depth Cogs of Conspiracy is an electrifying exploration of memory identity and the cost of rebellion This book represents a unique experiment in the literary landscape it has been entirely conceived written and refined by artificial intelligence thanks to the ingenuity of humans who designed and developed the technology behind this creation While the result may achieve a surprising level of coherence and depth the work is not intended to be compared to human literature Rather than showcasing the skills of a writer the invitation is to appreciate the meticulous work of the engineer who made this creation possible **Dystopian Literature** M. Keith Booker, 1994-05-25 Dystopian literature is a potent vehicle for criticizing existing social conditions and political systems While utopian literature portrays ideal worlds dystopian literature depicts the flaws and failures of imaginative societies Often these societies are related to utopias and the dystopian writers have chosen to reveal

shortcomings of those social systems previously considered ideal. This reference overviews dystopian theory and summarizes and analyzes numerous dystopian works. By reviewing the critical thought of particular dystopian theorists the beginning of the volume provides a theoretical context for the remainder of the book. Because dystopian literature is so closely related to utopian writing the reference profiles and discusses eight important utopian works. The rest of the book includes entries for numerous dystopian novels, plays and films. Each entry summarizes the work and discusses dystopian themes. The entries include short bibliographies with full bibliographic information provided at the end of the volume. This comprehensive guide covers the full period from Thomas More's *Utopia* to the present day. Sequels Janet G. Husband, Jonathan F.

Husband, 2009. A guide to series fiction lists popular series identifies novels by character and offers guidance on the order in which to read unnumbered series. **Contemporary Authors New Revision** Daniel Jones, 1999-02. This volume of

Contemporary Authors R New Revision Series brings you up to date information on approximately 250 writers. Editors have scoured dozens of leading journals, magazines, newspapers and online sources in search of the latest news and criticism.

Writers appearing in this volume include Martin Amis, Jose Donoso, Thor Heyerdahl, Katie Roiphe. **Global Science Fiction**

Gary Westfahl, 2025-06-09. Science fiction represents a diverse community of writers and readers that spans the entire world. This collection provides a global tour of the genre with essays about Latin American, European, African, Arabic, Indian,

Japanese and Chinese science fiction providing insights about how writers around the world have explored and reinvigorated the genre. Essays by prominent critics from five continents inform about particular cultures and analyze representative texts by authors such as Tobias S. Buckell, Lourenco Mutarelli, Stanislaw Lem, Masande Ntshanga, Tawfiq Al Hakim, Anil Menon and Cixin Liu. The contributing scholars examine how national experiences have shaped these narratives which often differ strikingly from Anglo American science fiction. An introductory survey of foreign language science fiction in the United States endeavors to explain why so many of these texts have remained unknown to Anglophone readers. An extensive bibliography lists numerous resources for further study of science fiction from various parts of the world. Choice, 2001. **The Space Between Worlds** DANIEL C. WRIGHT, 2025-09. **New York**, 2010-05. **The Writers Directory**, 1996. **The Writer's Directory, 1998-2000** Miranda H. Ferrara, 1995. Information on more than 17 500 living authors from English speaking countries. **Media International Australia**, 2004. alternative press index ALTERNATIVE PRESS INDEX, 2002.

Saving the World Through Science Fiction Michael R. Page, 2017-03-13. One of the major figures in science fiction for more than sixty years James Gunn has been instrumental in making the genre one of the most vibrant and engaging areas of literary scholarship. His genre history *Alternate Worlds* and his *The Road to Science Fiction* anthologies introduced countless readers to science fiction. He founded the Gunn Center for the Study of Science Fiction in 1982. But Gunn has also been one of the genre's leading writers. His classic novels *Star Bridge* with Jack Williamson, *The Joy Makers*, *The Immortals* and *The Listeners* helped shape the field. Now in his nineties he remains a prominent voice. His forthcoming novel is *Transformation*.

Drawing on materials from Gunn's archives and personal interviews with him this study is the first to examine the life career and writing of this science fiction grandmaster [Hive, A Dystopian Time-Travel Thriller](#) DL Orton, 2025-05-06 The last survivors The last chance The last leap through time Finalist 2025 Hoffer Book Awards Grand Prize Rated 9.5 10 by Publishers Weekly's BookLife Prize in Fiction For fans of The Murderbot Diaries The Martian and Dark Matter comes a fast paced emotional journey through love loss and redemption set in a future collapsing under its own weight Fifty years from now the last humans hide beneath glass domes while swarms of microdrones tear at the last defenses of a drowning world Inside Eden 17 a dying scientist and her lifelong love cling to hope and each other while a sarcastic duct taped AI named Madders keeps the biodome online But time is running out Power is fading Options are gone They face one impossible choice shut down everything including Madders to send one of them back in time leaving the other behind to face the end Alone Diego refuses to go But Isabel knows what's coming He has to do it For her Thirty five years earlier Isabel's life is unraveling Her marriage is over Her future is empty Then a stranger shows up with a haunted gaze and a warning she doesn't want to hear He's not supposed to talk to her but he knows what's coming And what she does next will determine everything As the multiverse buckles under the weight of its own contradictions a far future Madders peers across timelines at a physicist chasing the ghost of a time machine a woman whose quiet choices could ignite revolution and a man bound to her by love grief and time itself Rewrite the past without consequences Go ahead Try Lyrical and unflinching Hive is the award winning first book in the Madders in Time series an emotional character driven sci fi thriller where time travel isn't a gimmick but a reckoning Follow the tenuous thread woven through fractured timelines fragile hearts and white knuckle suspense Step into a world where time is both the enemy and the only option Hope's a hell of a thing to weaponize especially when it's all you have left Endorsements Engrossing doomsday thriller spliced with heart humor and second chances Publishers Weekly D L Orton writes vividly bringing us right into the scenes Independent Book Review Smart imaginative and strangely relatable considering the quantum physics and parallel universes Kirkus Reviews A haunting high stakes sci fi tale that weaves love time travel and ecological collapse into a tense emotional thriller New in Books A gripping blend of science fiction post apocalyptic survival and time travel intrigue Manhattan Book Review Characters that feel real Emotions that hit hard BookTribe A high stakes time bending thrill ride with brains heart and a badass AI Reader's Choice Award One of the best sci fi books I've read in the last 10 years and I read a lot Ted Ollikkala NetGalley Hive is a strong start to a unique series that mixes emotional stakes with high concept sci fi Piper's Reviews Goodreads Hive had me hooked right from the beginning If I could give over 5 stars I absolutely would Kelsey Rice NetGalley A wild ride that was difficult to put down One thing is very clear this book should be adapted for television Lizz Taylor NetGalley Not just about time travel Hive is about hope betrayal corruption greed second chances and confronting past mistakes Makeda Cummings for Readers Favorite **MLA**
