

casual things we did before
we started dating..

Honestly a lot. It took this
man 2 months worth of dates
to kiss me for the first time
because he didn't want me to
think he had "intentions" I
genuinely thought he didn't
like me & almost ended
things. 💔
He then made me wait
another month before
making it official.

Swifterature Elly McCausland, 2025-11-04 An exciting literary fusion of fandom and feminism *Swifterature* captures the special connection between English literature and the worldwide phenomenon of Taylor Swift *Swifterature* captures a unique fusion of different elements fandom feminism and a defense of both literature and popular culture The narrative is split into thirteen chapters that use Swift's lyrics as departure points The reader experiences the inspiring influence of English literature as Swift's lens breathes new vitality and urgency into older texts McCausland also writes about her own experiences as she copes with intense media scrutiny and is forced to defend her academic integrity She argues that Swift through her self-conscious engagement with classic works of literature and her extraordinary popularity invites us to reflect not only on the culture of our past but also of our present *Swifterature* shows how Swift's place on the world's stage can teach us about many things from feminism to politics nature to childhood In the process the book makes a compelling case that studying Taylor Swift also turns us into better readers not

only of literature but of ourselves and each other Ten Trends to Seduce Your Bestfriend Penny Reid,2022-04-12 Winnifred Gobaldi and Byron Visser are not best friends Yes they ve known each other for years but they re not even friendly Winnie considers them more like casual distant acquaintances who find each other barely tolerable especially when he s being condescending which is all the time The truth is they have nothing in common She s a public school science teacher with stars in her eyes and he s a pretentious joyless double PhD turned world famous bestselling fiction author She loves sharing her passion for promulgating women in STEM careers and building community via social media and he eschews all socialization virtual or otherwise She s looking for a side hustle to help pay down a mountain of student debt and his financial portfolio is the stuff of fiduciary wet dreams So why are they faking a bestfriend relationship for millions of online spectators When a simple case of tit for tat trends between nonfriends leads to a wholly unexpected kind of pretend nothing is simple Sometimes it takes a public audience to reveal the truth of private feelings and rarely very rarely you should believe what you see online Ten Trends to Seduce Your Bestfriend is a full length complete standalone adult contemporary romantic comedy

Postliterary Attention Theory: Reading, Fragmentation, and Meaning in the Digital Age Shaikh Afnan Birahim,2025-09-22 Postliterary Attention Theory Reading Fragmentation and Meaning in the Digital Age explores how our ability to read deeply has eroded in an era dominated by feeds fragments and dopamine driven design Blending literary history media theory and cognitive science Shaikh Afnan Birahim traces the journey from modernist experimentation to TikTok snippets showing how attention itself has become a cultural battleground This book is both diagnosis and manifesto an invitation to reclaim slow reading as an act of resistance and rediscover the joy intimacy and meaning that only literature can provide **Make / Believe** John Hartley,2025-01-23 This book illustrates that mediated popular culture and science based knowledge systems entangled and compromised as both have become are still a robust crucible for system change for the future when they combine forces Planetary crises require responses from everyone This means that collective action is not simply a scientific or political problem It is a problem of culture and media But modern politics journalism and science were not designed for global climate action They ve divided humans into competitive and often hostile we and they groups Identity news and knowledge are all weaponized Culture makes groups groups make knowledge and knowledge makes enemies What can be done to prevent global conflict and the drift to war Make Believe turns to popular culture and social media to argue for an alternative storyline While the Great Powers are making new enemies emergent classes led by children are using planetary connectivity to make new worlds A digital planet generates new kinds of strategic stories for pan human action based on difference intersectionality and cooperation for a sustainable Earth system Make Believe shows how alternatives to the Great Game of global contestation are gathering strength in unlikely places among women children lifestyle and pop culture Popular digital media literacy is now a prerequisite for the remediation of the planet The Meaning of Myth in Uncertain Times Evelien Bracke,2025-12-29 This book examines how ancient mythology forms part of the

stories we tell ourselves about today's uncertain times not only in popular culture but also in sociocultural and political debates. It particularly explores the ways in which classical myths shape how our modern secular societies think about the interconnected geopolitical, technological, and ecological issues we are facing and our potential futures. Classical myths like those of Achilles, Medea, and Odysseus are everywhere from films and novels to social media and games. But how and why are we still fascinated with them particularly now? Can these strange and often painful stories from societies so radically different from our own offer us genuine insights today? This expanded English edition of Evelien Bracke's award-winning Dutch book *Leidraad door het labirint* explores how and why Greek and Roman myths, despite their ancient origins, are surprisingly meaningful in these times of uncertainty. Bracke offers a contextualization and literary analysis of classical mythology looking at both texts and visual media. This allows readers to gain a better understanding of how people draw inspiration from the past in their attempt to create a better future and how these stories provide both collective and individual guidance in navigating the turbulent 21st century. *The Meaning of Myth in Uncertain Times* is suitable for students, scholars, teachers, and general readers interested in mythology and ancient Greek and Roman history and culture, providing insights that are relevant to the challenges we all face today.

Social Reading Cultures on BookTube, Bookstagram, and BookTok Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30. This book examines the reading cultures developed by communities of readers and book lovers on BookTube, Bookstagram, and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices, bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible, this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media, and cultural studies, as well as teachers and professionals in the book and library industries.
