## Social Reading Cultures on BookTube, Bookstagram, and BookTok

Bronwyn Reddan, Leonie Rutherford, Amy Schoonens, Michael Dezuanni, 2024-04-30 This book examines the reading cultures developed by communities of readers and book lovers on BookTube, Bookstagram, and BookTok as an increasingly important influence on contemporary book and literary culture. It explores how the affordances of social media platforms invite readers to participate in social reading communities and engage in creative and curatorial practices that express their identity as readers and book lovers. The interdisciplinary team of authors argue that by creating new opportunities for readers to engage in social reading practices bookish social media has elevated the agency and visibility of readers and book consumers within literary culture. It has also reshaped the cultural and economic dynamics of book recommendations by creating a space in which different actors are able to form an identity as mediators of reading culture. Concise and accessible this introduction to an increasingly central set of literary practices is essential reading for students and scholars of literature, sociology, media and cultural studies as well as teachers and professionals in the book and library industries

**Dandelion Throne** Paige Suzanne Patno,2024

When I decided to write a fantasy romance or romantasy novel I knew it would be important to focus on what makes this novel different from others in the genre In today s leisure reading climate there is a plethora of content available to consumers usually in the form of accessible and self published titles With the oversaturation of publications in the genre Dandelion Throne has required that I be vigilant of my content to ensure I m contributing something new to the genre There are several common practices in fantasy writing I want to challenge in Dandelion Throne so I selected several touchstone pieces to draw inspiration from and or challenge when outlining and writing the novel As a writer it is important to pay attention to what books are popular in the genre I am writing Because of this I wanted to use Sarah J Maas A Court of Thorns and Roses series or ACOTAR as one of my touchstones I enjoy reading these novels but I also find glaring issues in the content that I wanted to challenge in Dandelion Throne I also decided to use Erika Johansen s Queen of the Tearling trilogy as another touchstone because her protagonist is well developed well written and would serve me well for inspiration writing a royal character Johansen s series manages to be both politically charged and accessible reading I admire the protagonist s keen skills in politics and diplomacy and thought it would serve me well when it came to writing about my protagonist s place on the throne My project is not a political fantasy but with my protagonist being in a royal role I want to be competent at writing political undertones and subplots to make her place on the throne believable
