Mancuso,2015-05-19 Our fascination with finding the perfect someone has caused us to settle on a partner that is good enough Within a few years we get bored and we cheat Although several articles promote cheating as a healthy way to save relationships the fact is that we won't cheat if we don't settle Everybody Cheats is a non fiction work that explores the excuses we give for cheating the real reasons why we cheat the effect cheating has on society and the benefits of enjoying our single years The author then concludes that our perfect person does exist but if we hope to find our soulmate we must live our lives instead of constantly seeking love We say we cheat because we're bored or unfulfilled However if we took the time to be single and live our lives we will be brought to our soulmate In turn we can have that fairy tale ending that we all desire but no longer believe exists Based on life experience and supported by current trends Everybody Cheats is a modern and sometimes humorous look at why we really cheat and the detrimental effects cheating has on society Inside the Cheater's Mind Denise Wood,Colleen Hitchcock,2010 Why Do People Cheat Most cheaters don't cheat to hurt their partner However people demonize cheaters seeing the behavior as a reflection on their moral character Then people lump all cheaters into one big he's a dirt bag or she's a slut category Dr Denise Wood wrote Inside the Cheater's Mind Why He Cheats Why She Cheats to dispel this myth While Dr Wood doesn't condone cheating she believes that understanding rather than condemnation is more likely to save a relationship As a doctor of clinical psychology Dr Wood believes cheating should be looked at no differently than any other mental health issue Cheating flags the marriage that it is a broken system rather than writing it off as a character flaw that can never be fixed and maintained Inside the Cheater's Mind Why He Cheats Why She Cheats is a compilation of Dr Wood's brilliant original study into personality cheaters and situational cheaters that highlight the motivation of why someone will cheat on his or her partner Do you know these cheaters Impulsive Cheater Narcissistic

**The Cheater's Profile** Ruby Fleurcius, 2009-10 Most often men cheat because they are deprived sexually and women cheat because they are deprived emotionally So what do we have here I will tell you it's a disaster waiting to happen The spirit of cheating is directly linked to our human nature which can very well be controlled like any other habit or addiction And regardless of whether you are single married divorced or anywhere in between this book will help you deal with cheating or prevent the act of cheating Whether you cheat your way to the top or whether you cheat your way to the bottom it's imperative that you understand what or who's in your heart and the reasons why Now in order to truly understand the profile of a cheater we must understand that there are multiple ways of cheating Even though we may feel as if we have gotten away with the act of cheating we have not The act of cheating and deception keeps us confused and unsatisfied while opening the door to more undue stress and loss We are created with wants desires and needs if we refuse to take care of the needs of our spouse or mate they may not cheat physically but definitely emotionally or mentally When a relationship is missing something there is a possibility that a spouse will seek refuge romance or intimacy from someone else out of hostility immaturity revenge or addiction The Cheater's Profile is not designed to break up relationships it's designed to restore that in which is destined to be
