More people take action after seeing an advertisement call to action and giveaway than almost every other social media platform out there. The potential for individuals and brands alike to make a healthy living or increase their revenue is multiplied 700 million times with Instagram. With great potential comes great competition. Yes, there are 700 000 000 people using Instagram. There are also thousands of brands big and small vying for their attention. How do you stand out and amass tens of thousands of followers and make a healthy income in the process? That's the question everyone who opens an account struggles to answer. Most people try for a few weeks but give up when they fail to crack their first 5 000 followers. How do you know what your potential followers want? How do you stay relevant? How do you advertise while staying true to your brand? How do you create viral competitions and a brand with true equity? I'm glad you asked. This book was written to answer those questions and more. For over a year I've had the privilege of working with multiple brands both big and small to create Instagram accounts and campaigns that helped them reach their business goals. Who your competitors are so you'll know what's working in your specific niche right now.
