Social Roots Cindy Gordon, Andrew Weir, 2014-09-30 *Social Roots* traces the history of a fundamental economic shift that is underway. The shift is rooted in virtualization, a key innovation factor, but when combined with influence networks, the significance becomes transformative. The combined power of these dimensions is creating a new economic paradigm based on return on collaboration metrics rooted in social capital theory. Inside is the story of the near magical transformation written specifically so we do not forget the significance of this decade of leadership in the influence economy. Many of the stories in the first part of *Social Roots* are about organizations that took the opportunity to experiment and experience the power of social networking approaches to conducting business and social innovators striving to make the world a better place. Their contributions to creating the influence economy are numerous, and their story of how they achieved success creates a tapestry of insight.

Digital Dilemmas Diana C. Parry, Corey W. Handbook of Research on Sustaining SMEs and Entrepreneurial Innovation in the Post-COVID-19 Era Baporikar, Neeta, 2021-02-05 A multidimensional approach to entrepreneurship, especially in the post-COVID 19 era, will have an important influence on the state of business and government, especially when considering the effects of technological development, innovation, globalization, and nationalization policies that need to be adopted for inclusive sustainable growth, as well as the enhanced and efficient utilization of global resources. That means there is likely to be a shift in how entrepreneurship development and entrepreneurial opportunities will be perceived, developed, and resourced. The question is how to sustain SMEs and entrepreneurial innovation in the post-COVID 19 era. Thus, comprehensive research and knowledge on designing policies and approaches to ensure the sustainability of SMEs and entrepreneurial innovation in post-pandemic times are essential to sustain, stimulate, and foster SMEs' entrepreneurship and entrepreneurial innovations.
