Home, School, and Community, 1924 Journal of motives in education and public welfare Where's the Office?
Wilford A. Lewis, Heather Hansen O'Neill, 2021-11-05 Inspired leaders strive to be better at every turn. They embrace change and look to engage and encourage their people to new levels. But what happens when the world around you is uncertain? When incessant change is thrust upon you and fear is rampant in your teams? What happens when the very place you work is removed? Today's leaders have had to reevaluate where and how they do their business. That involves a new way of leading. Where's the Office? Moving Today's Leaders from What IS to What CAN BE provides the new perspective that the office resides within you and that you can lead from wherever you are. It provides both the strategy and the tools for your success in this environment. It moves you and your teams from acceptance of what is to the evolution and possibility of what can be. You'll receive innovative tools like Mind SPACE that when introduced to the FBI opened their minds to the insight that enabled them to proclaim: Now we can do long range planning. And The Seven Levels of Communication a tool that provides clarity in why there are communication breakdowns but more importantly how to elevate the way you communicate to better lead teams initiatives and yourself. **The Progressive Teacher and Southwestern School Journal**, 1917 A Journey
