## Controversies In Queer Theology:

*Controversies in Queer Theology* Susannah Cornwall,2011 An introduction to one of the most challenging areas of contextual theology Queer theology is a significant new development and central to much current teaching and thinking about gender sexuality and the body     **Queer Theologies: The Basics** Chris Greenough,2019-10-01 Queer Theologies The Basics is a concise and illuminating introduction to the study of this controversial and discursive subject area This book provides an accessible exploration into the major themes within queer studies queer theologies and themes of gender and sexuality in Christianity Topics covered include The development of queer theologies Queering traditional theology Queer theologies in global contexts Queer Bible Queer theologies from queer lives With a glossary of key terms and suggestions for further reading throughout this book is an ideal starting point for anyone seeking a full introduction to Christian queer theologies as well as broader themes in theology gender and sexuality     **Controversies in Feminist Theology** Marcella Althaus-Reid,Lisa Isherwood,2007 Exposes the controversies within key areas of feminist theology eg Christology ethics prayer and the after life the virgin Mary hermeneutics the body and to examine whether feminist theology is now bankrupt as both discourse and praxis It is suitable for use on undergraduate or postgraduate courses in feminist contextual theology

*Theology and Sexuality* Susannah Cornwall,2013 The SCM Studyguide Pastoral Theology designed to support undergraduate courses for the training of clergy and lay pastoral workers at an accessible introductory level The book aims to develop pastoral wisdom and integrity through a critical integration of theology and the human sciences Introducing key themes in theological anthropology and pastoral practice it shapes a creative pastoral vision which is deeply rooted in a Christian vision of what it means to be human and what it takes to care Working with case studies the book will introduce broad frameworks of understanding of issues such as growth loss and sexuality together with critical perspectives on important aspects of practice such as language power and boundaries The book provides an accessible overview of key concepts in pastoral theology offering key entry points for further discussion and study Each chapter includes discussion questions and or reflective exercises at the end of each chapter together with a short bibliography Throughout the text key summaries of learning will be indicated by boxed Practice Points     **Trans/formations** Lisa Isherwood,Marcella Althaus-Reid,2009 Transsexual transgendered and intersex people have become increasingly more visible since the 1990s but the churches have been slow to recognize their lives and their contributions to theology and the churches The contributors ask questions not only of the churches and theology but at times also of gender and sexuality theorists     *Origins of Judaism: Controversies in the study of Judaic religion and theology* William Scott Green,1990     **Queer Theology** Gerard Loughlin,2007-11-19 These essays reconceptualize the body and its desires argue that Christian sexuality is meaningful for the good of the Church and that bodies are the mobile products of changing discourses and regimes of power     **Queer and Indecent** Thia Cooper,2021-03-31 The work of Marcella Maria Althaus Reid is both groundbreaking and notoriously difficult

to read as it blends theories from post colonial studies queer studies gender and sexuality studies and feminist and liberation theologies Offering a much needed introduction to the work of the theologian Queer and Indecent shows the development of Althaus Reid's core concepts indigeneity economic oppression the body indecency heterosexuality and sex as well as setting her life in context with an overview of her stance on feminist teaching and activism and her critique of Latin American liberation theology Designed to introduce a new generation to her work the book serves as both an indispensable guidebook and a launchpad for students to explore her extraordinary writing for themselves

**Christianity and Controversies over Homosexuality in Contemporary Africa** Ezra Chitando, Adriaan van Klinken, 2016-05-12 Issues of homosexuality are the subject of public and political controversy in many African societies today Frequently these controversies receive widespread attention both locally and globally such as with the Anti Homosexuality Bill in Uganda In the international media these cases tend to be presented as revealing a deeply rooted homophobia in Africa fuelled by religious and cultural traditions But so far little energy is expended in understanding these controversies in all their complexity and the critical role religion plays in them Complementing the companion volume Public Religion and the Politics of Homosexuality in Africa this book investigates Christian politics and discourses on homosexuality in sub Saharan Africa The contributors present case studies from various African countries from Nigeria to South Africa and from Cameroon to Uganda focusing on Pentecostal Catholic and mainline Protestant churches They critically examine popular Christian theologies that perpetuate homophobia and discrimination but they also discuss contestations of such discourses and emerging alternative Christian perspectives that contribute to the recognition of sexual diversity social justice and human rights in contemporary Africa

Cheng, 2011-03 The first introductory textbook on the subject of queer theology Contextual theologies have developed from a number of perspectives including feminist theology black theology womanist theology Latin American liberation theology and Asian American theology and a wide variety of academic and general introductions exist to examine each one However Radical Love is the first introductory textbook on the subject of queer theology In this lucid and compelling introduction Cheng provides a historical survey of how queer theology has developed from the 1950s to today and then explicates the themes of queer theology using the ecumenical creeds as a general framework Topics include revelation God Trinity creation Jesus Christ atonement sin grace Holy Spirit church sacraments and last things as seen through the lenses of LGBT theologians

**New Books on Women and Feminism**, 2015 Queer Soul and Queer Theology Laurel C. Schneider, Thelathia Nikki Young, 2021-03-31 This book takes up the question of Christian queer theology and ethics through the contested lens of redemption Starting from the root infinitive to deem the authors argue that queer lives and struggles can illuminate and revalue the richness of embodied experience that is implied in Christian incarnational theology and ethics Offering a set of virtues gleaned from contemporary lesbian gay bisexual transgender intersex queer and asexual LGBTIQA lives and communities this book introduces a new framework of ethical reasoning Battered and wrongly condemned by life

denying theologies of redemption and dessicating ethics of virtue this book asserts that the resilience creativity and epistemology manifesting in queer lives and communities are essential to a more generous and liberative Christian theology In this book queer virtues not only reveal and re value queer soul but expose covert viciousness in the traditional i e inherently colonial and racist and thus ungodly family values of dominant Christian ethics and theology It argues that such re imagining has redemptive potential for Christian life writ large including the redemption of God This book will be a key resource for scholars of queer theology and ethics as well as queer theory gender and race studies religious studies and theology more generally

**Queer Theology** Linn Marie Tonstad,2018-07-26 What do Christianity and queerness have to do with each other Can Christianity be queered Queer Theology offers a readable introduction to a difficult debate Summarizing the various apologetic arguments for the inclusion of queer people in Christianity Tonstad moves beyond inclusion to argue for a queer theology that builds on the interconnection of theology with sex and money Thoroughly grounded in queer theory as well as in Christian theology Queer Theology grapples with the fundamental challenges of the body sex and death as these are where queerness and Christianity find and maybe lose each other

**Queer Theology** Gerard Loughlin,2009-02-04 Queer Theology makes an important contribution to public debate about Christianity and sex A remarkable collection of specially commissioned essays by some of the brightest and best of Anglo American scholars Edited by one of the leading theologians working at the interface between religion and contemporary culture Reconceptualizes the body and its desires Enlarges the meaningfulness of Christian sexuality for the good of the Church Proposes that bodies are the mobile products of changing discourses and regimes of power

*Constructive Theology and Gender Variance* Susannah Cornwall,2022-11-17 Some Christians are anxious and uncomfortable about gender diversity and transition Sometimes they understand these issues as a rejection of God s intention for creation Gender diversity has also been assumed to entail self deception mental ill health and dysphoria Yet humans are inherently transformative creatures with a vocation to shape their own worlds and traditions Transformative creaturely theology recognizes the capacity of gender to shape humans even as we also question it In this book Susannah Cornwall reframes the issues of gender diversity and transition in constructive Christian theological terms Resisting deficit based discourses she presents gender diversity in a way that is positive and non oppositional Her volume explores questions of the licit limits of technological interventions for human bodies how gender diversity maps onto understandings of health and the ethics of disclosure of gender diversity It also brings these topics into critical conversation with constructive Christian theologies of creation theological anthropology Christology and eschatology
