

A stylized, high-contrast illustration of two faces in profile, facing each other as if in conversation. The faces are rendered in dark gray and black tones against a light gray background. The features are simplified and geometric, with large eyes and prominent noses. The overall style is reminiscent of mid-20th-century graphic design.

Peer Interaction and Second Language Learning Jenefer Philp, Rebecca Adams, Noriko Iwashita, 2013-11-07 *Peer Interaction and Second Language Learning* synthesizes the existing body of research on the role of peer interaction in second language learning in one comprehensive volume In spite of the many hours that language learners spend interacting with peers in the classroom there is a tendency to evaluate the usefulness of this time by comparison to whole class interaction with the teacher Yet teachers are teachers and peers are peers as partners in interaction they are likely to offer very different kinds of learning opportunities This book encourages researchers and instructors alike to take a new look at the potential of peer interaction to foster second language development Acknowledging the context of peer interaction as highly dynamic and complex the book considers the strengths and limitations of peer work from a range of theoretical perspectives In doing so *Peer Interaction and Second Language Learning* clarifies features of effective peer interaction for second language learning across a range of educational contexts age spans proficiency levels and classroom tasks and settings

Online Second Language Acquisition Vincenza Tudini, 2010-10-07 A book length exploration of the role of online chat in supporting the teaching and learning of foreign languages is well overdue Tudini's new book takes a Conversation Analysis approach which is new to online Second Language Acquisition It provides observable previously undocumented insights into how native speakers and learners pursue the learning of foreign language and culture during online text chat It looks at dyadic chat between native speakers and learners with examples drawn from a corpus featuring 133 learners and 584 native speakers of Italian This unique book contributes to our understanding of how conversation in a foreign language unfolds between native speakers and learners in an online social environment rather than in the classroom It will be of interest to researchers in second language acquisition and conversation analysis as well as language teachers

Conversation Analysis and Second Language Pedagogy Jean Wong, Hansun Zhang Waring, 2020-08-03 Now in its second edition this volume offers a strong synthesis of classic and current work in conversation analysis CA usefully encapsulated in a model of interactional practices that comprise interactional competence Through this synthesis Wong and Waring demonstrate how CA findings can help to increase language teachers awareness of the spoken language and suggest ways of applying that knowledge to teaching second language interaction skills The Second Edition features Substantial updates that include new findings on interactional practices Reconceptualized reorganized and revised content for greater accuracy clarity and readability Expanded key

concepts glossary at the end of each chapter New tasks with more transcripts of actual talk New authors stories The book is geared towards current and prospective second or foreign language teachers material developers and other language professionals and assumes neither background knowledge of conversation analysis nor its connection to second language teaching It also serves as a handy reference for those interested in key CA findings on social interaction Second Language Interaction Salla Kurhila,2006-05-03 Members of divergent societies are increasingly involved in interactional situations both publicly and privately where participants do not share linguistic resources Second language conversations have become common everyday events in the globalized world and an interest has evolved to determine how interaction is conducted and understanding achieved in such asymmetric conversations This book describes how mutual intelligibility is established checked and remedied in authentic interaction between first and second language speakers both in institutional and everyday situations The study is rooted in the interactional view on language and it contributes to our knowledge on interactional practices in particular in cases where some doubt exists about the level of intersubjectivity between the participants It expands the traditional research agenda of conversation analysis that is based on the concepts of membership and members shared competences By showing in detail how speakers with restricted linguistic resources can interact successfully and achieve the institutional goals of interactions this study also adds to our knowledge of the questions that are central in second language research such as when and how the non native speakers linguistic output is modified by themselves or by the native speakers or when the non native speakers display uptake after these modifications

Conversation Analytic Research on Learning-in-Action John Hellermann,Søren W. Eskildsen,Simona Pekarek Doehler,Arja Piirainen-Marsh,2019-11-04 This volume offers insights on language learning outside the classroom or in the wild where L2 users themselves are the driving force for language learning The chapters by scholars from around the world critically examine the concept of second language learning in the wild The authors use innovative data collection methods such as video and audio recordings collected by the participants during their interactions outside classrooms and analytic methods from conversation analysis to provide a radically emic perspective on the data Analytic claims are supported by evidence from how the participants in the interactions interpret one another's language use and interactional conduct This allows the authors to scrutinize the term wild showing what distinguishes L2 practices in our different datasets and how those practices differ from the L2 learner data documented in other more controlled settings such as the classroom We also show how our findings can feed back into the development of materials for classroom language instruction and ultimately can support the implementation of usage based L2 pedagogies In sum we uncover what it is about the language use in these contexts that facilitates developmental changes over time in L2 speakers and their co participants interactional practices for language learning *Usage in Second Language Acquisition* Kevin McManus,2024-02-27 The study of usage has constituted a major line of second language learning research for decades now The concept of usage however can be defined and studied

in many different ways In this comprehensive forward looking text international scholars from a variety of perspectives review and critically examine current conceptualizations of usage learning and their connections in the field of second language acquisition SLA Bringing these diverse perspectives into conversation Kevin McManus synthesizes the state of the art to set the agenda for new directions in theory building and empirical SLA research This text will be an invaluable resource to students and researchers in SLA applied linguistics psychology and cognitive science education and related areas

The Interactional Architecture of the Language Classroom Paul Seedhouse, 2004-10-01 Winner of the MLA Kenneth W Mildenberger Prize 2005 This monograph provides a model of the organisation of L2 classroom interaction and a practical methodology for its analysis The main thesis is that there is a reflexive relationship between pedagogy and interaction in the L2 classroom this relationship is the foundation of its context free architecture Explains the basic principles of Conversation Analysis and reviews the literature on L2 classroom interaction Portrays the reflexive relationship between the pedagogical focus of the interaction and the organisation of turn taking sequence and repair Describes the overall organisation of L2 classroom interaction and illustrates the use of the analytical methodology Considers how Conversation Analysis can contribute to the research agendas of Applied Linguistics and Second Language Acquisition Second Language Conversations Rod Gardner, Johannes Wagner, 2004-04-01 This collection is the first to consistently adopt Conversation Analysis as an approach to second language interaction By examining first and second language speakers participation in a wide range of activities it challenges the dominant view of non native speakers as deficient communicators Proposing instead to understand second language users conversational participation as interactional achievement the book makes a powerful case for ethnomethodological re specification in second language research Professor Gabriele Kasper University of Hawai i In this book second language conversation is used to explore natural casual talk between speakers in a second language The contributors shift emphasis away from controlled contexts such as the classroom towards more sociable environments in which people go about their daily routines English German French Japanese Finnish and Danish are all analyzed as second languages within a variety of professional educational and sociable situations Ways of Doing Being Plurilingual in International Work Meetings Brokering and Membership in a Multilingual Community of Practice Clients or Language Learners Being a Non Native Speaker in Institutional Interaction Embedded Corrections in Second Language Talk Doing Pronunciation A Specific Type of Repair Sequence Some Preliminary Thoughts on Delay as an Interactional Resource The Logic of Clarification Some Observations about Word Clarification Repairs in Finnish as a Lingua Franca Interactions Pursuit of Understanding Rethinking Negotiation of Meaning in View of Projected Action Inside First and Second Language Speaker s Trouble in Understanding Restarts in Novice Turn Beginnings Dysfluencies or Interactional Achievements Talk and Gesture The Embodied Completion of Sequential Actions in Spoken Interaction On Delaying the Answer Question Sequences Extended after the Question Peer Interaction and Second Language Learning Jenefer Philp, Rebecca Adams, Noriko
