Abstract: Culture, communication, and ethics are essential to a firm's success. However, these three concepts are often taught in isolation, leading to a fragmented understanding. This article presents a holistic framework for integrating culture, communication, and ethics into a firm's strategic management. The framework is based on the premise that these three concepts are interdependent and mutually reinforcing. The framework is presented in a way that is accessible to a wide range of readers, from students to practitioners. The framework is presented in a way that is accessible to a wide range of readers, from students to practitioners.
