Simple Human Compassion Rick Schneider, 2022-06-14 Have you ever wondered what specifically takes place if you or someone you love were to experience hospice care Honestly during an unthinkable crisis wouldn't it be a relief if your wants and your fears were among the top priorities being addressed And wouldn't you like to know that the attention includes both you and your loved ones Imagine how comforting it would be to have the same nurse nurse aide social worker and others give you care for the entire time you or your loved one is on service And after the crisis is over and all the sympathy calls have subsided think about the reassuring comfort received from someone who stays in contact with you for over a year after the crisis is over Author Rick Schneider reveals through his own eye opening experiences and observations that when time appears to be limited hospice care gives you the assistance to do what is most important to you Simple Human Compassion will illustrate as nothing else can how touch not technology is what is needed at the end of life

Indigenous Memory, Urban Reality Michelle R. Jacobs,2023-01-10 Contemporary accounts of urban Native identity in two pan Indian communities In the last half century changing racial and cultural dynamics in the United States have caused an explosion in the number of people claiming to be American Indian from just over half a million in 1960 to over three million in 2013 Additionally seven out of ten American Indians live in or near cities rather than in tribal communities and that number is growing In *Indigenous Memory Urban Reality* Michelle Jacobs examines the new reality of the American Indian urban experience Drawing on ethnographic research conducted over two and a half years Jacobs focuses on how some individuals are invested in reclaiming Indigenous identities whereas others are more invested in relocating their sense of self to the urban environment These groups not only apply different meanings to indigeneity but they also develop different strategies for asserting and maintaining Native identities in an urban space inundated with false memories and fake icons of Indianness Jacobs shows that Indianness is a highly contested phenomenon among these two groups some are accused of being wannabes who merely play Indian while others are accused of being exclusionary and policing the boundaries of Indianness Taken together the interconnected stories of relocators and reclaimers expose the struggles of Indigenous and Indigenous identified participants in urban pan Indian communities *Indigenous Memory Urban Reality* offers a complicated portrait of who can rightfully claim and enact American Indian identities and what that tells us about how race is made today
