Serial Pinboarding in Contemporary Television Anne Ganzert, 2020-02-07 This book provides an in depth study of pinboards in contemporary television series and develops the interdisciplinary and innovative concept of Serial Pinboarding. Pinboards are character attributes they visualize thought processes are used for conspiracy theories as murder walls or for complex cases in any genre. They significantly condition and are conditioned by seriality. This book discusses how the pinboards in Castle, Homeland, Flash Forward and Heroes connect evidence, knowledge and seriality and how through transmediality and fan practices an age of pinboarding has formed. Serial Pinboarding in Contemporary Television will appeal to TV enthusiasts, professionals and researchers and students of TV and production studies, fan studies, media studies and art theory.

Handbook of Research on Managing and Influencing Consumer Behavior Kaufmann,

Hans-Ruediger, 2014-10-31 In recent years all types of businesses have increasingly focused on the importance of the relationship with the customer. Customer knowledge management has become a well known term used in the business and academic worlds for understanding how to control consumer behavior. The Handbook of Research on Managing and Influencing Consumer Behavior discusses the importance of understanding and implementing customer knowledge management and customer relationship management into everyday business workflows. This comprehensive reference work highlights the changes that the Internet and social media have brought to consumer behavior and is of great use to marketers, businesses, academics, students, researchers and professionals.

Big Data Mining and Complexity Brian C. Castellani, Rajeev Rajaram, 2022-03-01

This book offers a much needed critical introduction to data mining and big data. Supported by multiple case studies and examples, the authors provide digestible overviews of key terms and concepts relevant to using social media data in quantitative research. A critical review of data mining and big data from a complexity science perspective including its future potential and limitations. A practical exploration of the challenges of putting together and managing a big data database. An evaluation of the core mathematical and conceptual frameworks grounded in a case based computational modeling perspective which form the foundations of all data mining techniques. Part of The SAGE Quantitative Research Kit, this book will give you the know how and confidence needed to succeed on your quantitative research journey.
