Handbook of Desktop Publishing and Typesetting Michael L. Kleper, 1990 The first edition of this highly acclaimed book has emerged as the standard reference in the field of desktop publishing. With its well organized coverage of typesetting how tos, trade terminology and practices and hardware and software options in the Macintosh and IBM PC environments, it has become an invaluable aid to first time users and experienced professionals everywhere. Now Michael Kleper has expanded his coverage with new material on creative software tools and utilities, facsimile technology, electronic imaging, the latest in printers and other output devices, pre press operations and necessary user skills. All of this and a completely revised listing of information sources ensures that this handbook will remain the most comprehensive work of its kind.
