Tim Hurson,2010-03-03 There are thousands of books about thinking But there are very few books that provide clear how to information that can actually help you think better Think Better is about Productive Thinking why it's important how it works and how to use it at work at home and at play Productive Thinking is a game changer a practical easy to learn

repeatable process that helps people understand more clearly think more creatively and plan more effectively It's based on the thinking strategies that people we celebrate for their creativity have been using for centuries Tim Hurson brings Productive Thinking out of the closet and presents it in a way that makes it easy for anyone to grasp and use so you can think better work better and do better in every aspect of your life Think Better demonstrates how you can start with an intractable technical problem an unmet consumer need or a gaping chasm in your business strategy and by following a clearly defined practical thinking process arrive at a robust innovative solution Many companies use the Productive Thinking model to generate fresh solutions for tough business problems and many individuals rely on it to solve pressing personal problems The principles you'll find in Think Better are straight forward separate your thinking into creative thinking and critical thinking stay with the question strive for the third third by generating lots and lots of ideas and look for unexpected connections The model consists of six interlocking steps Step 1 What's Going On Explore and truly understand the challenge Step 2 What's Success Envision the ideal outcome and establish success criteria Step 3 What's the Question Pinpoint the real problem or opportunity Step 4 Generate Answers List many possible solutions Step 5 Forge the Solution Decide which solution is best Then make it better Step 6 Align Resources Create an action plan Tim Hurson starts by explaining how we all build inner barriers to effective thinking He identifies our habits of thinking that severely limit our behavior from monkey mind to gator brain Then he demonstrates how to overcome these barriers More than anything productive thinking is an attitude that will let you look at problems and convert them into opportunities At the end of this disciplined brainstorming process you'll have a concrete action plan complete with timelines and deadlines The book is filled with many of Hurson's original brainstorming tools that will empower you to generate organize and process ideas For example you can identify your best ideas using the five C's Cull Cluster Combine Clarify and Choose And you can transform an embryonic idea into a robust solution with POWER which stands for Positives Objections What else Enhancements and Remedies To create the future you first must be able to imagine it Productive thinking is a way to help you do that

### **PLR Empire: How to Run a Profitable Business**

**Selling Resellable Ebooks** Sam Choo, Tired of writing ebooks no one buys Start selling them instead PLR Empire is the bold no fluff guide for writers and creators who want to stop chasing followers and start running a profitable PLR ebook business You'll learn how to package position and sell resellable digital products without being famous tech savvy or glued to social media Created for people who already know how to write or use AI to do it this book shows you how to flip that content into a repeatable income stream using platforms like Payhip Gumroad and Etsy You'll learn Why most PLR sellers fail and how to avoid their mistakes How to build a real storefront not a messy digital dump How to write sales pages that convert without begging What to price where to list and how to bundle like a pro How to license your PLR to other sellers for scalable profit And how to turn your store into a system not a side hustle This is not another ebook about writing ebooks It's about selling them over and over again Whether you're just starting or ready to level up PLR Empire gives you the strategy

templates and confidence to build a digital business that actually pays You're not a content creator anymore You're a content capitalist Start building your empire today **How to Think More Effectively** The School of Life, 2020-01-23 A guide to identifying nurturing and growing our insight and creativity for more effective thinking We know that our minds are capable of great things because every now and then they come out with a very brilliant idea or two However our minds are also tantalisingly unpredictable spending worryingly large stretches of time idling or distracting themselves This is a book about how to optimise these beautiful yet fitful instruments so that they can more regularly and generously produce the sort of insights and ideas we need to fulfil our potential and achieve the contentment we deserve We learn among other things how to grasp fragile and flighty thoughts before they disappear through anxiety and fear at what times of day to try to work and for how long how to make use of our boredom and instincts and how to overcome timid and predictable approaches to the largest problems

*Enhancing Higher Education Accessibility Through Open Education and Prior Learning* Stevenson, Carolyn N., 2021-02-05 Institutions of higher learning are providing access to free and low cost open resources to support students with prior college level learning during every step of their educational journey This unconventional approach to education removes traditional barriers to college credit by placing learners in an open environment which encourages accessibility to higher education and fosters independent and critical thinking By providing learners with free resources more learners have the resources needed to be successful in college Prior learning assessment is an excellent way for students to demonstrate the skills and knowledge gained throughout the course of their lives By developing a portfolio of artifacts that support prior learning outside of the classroom learners reduce the time and money needed to complete a degree Open educational resources prior learning assessment and competency based learning offer the potential to provide access to higher education to those who may not have the opportunity to earn a college degree As the costs of higher education continue to rise these flexible open approaches to learning can bridge the equity gap and provide more opportunity to earn a college degree *Enhancing Higher Education Accessibility Through Open Education and Prior Learning* provides a comprehensive resource book on open resources and prior learning in order to provide access and equity to higher education The chapters pull together resources and case studies that exemplify alternative means to higher education Highlighted topics within this book include remote e learning online fundraising smart learning and assessments effective learning and faculty mentorship This book is essential for curriculum designers administrators policymakers government executives professors and instructors in higher education students researchers in adult education competency based education social justice and open educational resources and practitioners interested in open educational resources and accessibility in higher education **Make Money Online:** Jason Walker, 2025-08-12 Make Money Online Your Step by Step Guide to Earning Income in the Digital World Are you ready to unlock the financial freedom you've always dreamed of In a time where technology has opened doors to global opportunity there's never been a better moment to tap into the internet's potential This powerful
