systems and uses the same knowledge and tools as a malicious hacker. Covers all exam topics including intrusion detection policy creation, social engineering, ddos attacks, buffer overflows, virus creation and more. Based on the 2011 CEH exam update. Electronic content includes two complete practice exam simulations. Market Audience: The Certified Ethical Hacker certification certifies the application knowledge of security officers, auditors, security professionals, site administrators and anyone who is concerned about the integrity of the network infrastructure. DOD 8570 workforce requirements include CEH as an approved commercial credential. US CERT's EBK and Certified Computer Security Incident Handler (CCSIH) standards map to CEH. CEH is an international, vendor neutral certification that can be taken at any Prometric or VUE testing center worldwide. The exam costs \$250. The Ethical Hacker is usually employed with the organization and can be trusted to undertake an attempt to penetrate networks and/or computer systems using the same methods as a Hacker. Hacking is a felony in the United States and most other countries. When it is done by request and under a contract between an Ethical Hacker and an organization, it is legal. The most important point is that an Ethical Hacker has authorization to probe the target.
