Control Your Cash Making Money Make Sense:

Control Your Cash Greg McFarlane, Betty Kincaid, 2010-06 A 14% credit card rate What a deal Where it says adjustable here on my mortgage that means fixed right Work until I retire then collect Social Security That s my wealth plan If you ve ever wondered how your money works where it goes or how it grows stop wondering Control Your Cash Making Money Make Sense deconstructs personal finance so that everyone but the hopelessly inept can understand it Inside the book you ll learn how to get your bank accounts credit cards and other financial instruments to work for you and not the other way around the right way to buy a car i e with the salesman cursing your name as you drive away where and how to invest and what all those symbols charts and graphs mean how to turn expenses into income and stop living paycheck to paycheck whom the tax system is stacked against hint it s most of us and how to use that to your advantage the very key to wealth itself In fact the authors thought it was so important they put it on the cover so you can read it even if you re too cheap to buy the book Buy assets sell liabilities Finally a book that explains personal finance not only in layman s terms but in detail If you can read and have any capacity for self discipline invest a few bucks in Control Your Cash now and reap big financial rewards for the rest of your life
