*Convergences + I-claim* Robert Atwan, PATRICK CLAUSS, 2008-12-26      **Convergences 3rd Ed + I-cite** Robert Atwan, Douglas P. Downs, 2008-12-26      **Convergences 3rd Ed + Ix Visual Exercises** Robert Atwan, Cheryl E. Ball, Kristin L. Arola, 2008-12-26      Convergences, 2009 By pairing essays with other kinds of compositions a TV show a news report a photo an ad a cast off grocery list this volume asks students to respond to all kinds of visual and verbal texts This book is organized into six broad thematic chapters and presents the materials in a way that is both compelling and teachable It urges students to ask Why did that author write that essay Where was it published and for what audience What is the message of that poem Why is that image on that Web site Who thinks that joke is funny How is that ad getting me to buy things I don t need And most importantly how do I make meaning of it all This book is intended to inspire students to read the world in new ways and to respond thoughtfully in their own compositions      Convergences: Themes, Texts, and Images for Composition, 3rd Ed Robert Atwan, 2009      Visual Imagery, Metadata, and Multimodal Literacies Across the Curriculum August, Anita, 2017-08-10 A student s learning experience can be enhanced through a multitude of pedagogical strategies This can be accomplished by visually engaging students in classroom activities Visual Imagery Metadata and Multimodal Literacies Across the Curriculum is a pivotal reference source that examines the role of visual based stimuli to create meaningful learning in contemporary classroom settings Highlighting a range of relevant topics such as writing composition data visualization and literature studies this book is ideally designed for educators researchers professionals and academics interested in the application of visual imagery in learning environments      *We can!* Agata de Latour, Nina Perger, Ron Salag, Claudio Tocchi, Paloma Viejo Otero, 2017-05-23 Combating hate speech offline and online a new tool to help young people and educators to confront dismantle and replace hateful narratives Online hate speech has become a major form of human rights abuse with serious sometimes tragic consequences both online and offline Hate speech cannot be allowed to proliferate without being challenged and exposed in its nature prejudicial views on social groups combined with fake news which feed phobias and fears seem attractive as narratives Narratives give a meaning to information presented because they connect with what people believe or want to believe in Their widespread presence online accredits their claims for legitimacy But narratives are rarely the truth and never the whole truth When they are used to oppress people as in hate speech the fundamentals of a pluralistic and democratic society are undermined and the lives and dignity of people are at risk Counter narratives are thus needed to discredit and deconstruct the narratives on which hate speech is based Alternative narratives are also needed to reinforce positive values and perspectives which support human rights and democratic citizenship such as solidarity respect for diversity freedom and equality Young people need to occupy online public space with positive narratives based on hope and love This manual presents communicative and educational approaches and tools for youth and other human rights activists to develop their own counter and alternative narratives to hate speech It is designed for working with

young people from the age of 13 and is based on the principles of human rights education and youth participation Anyone can take action against speech By providing insights into hate speech and human rights and a methodology for producing counter narratives We Can makes that action easier more effective and positive The Council of Europe launched the No Hate Speech Movement campaign to mobilise young people for human rights online and to combat hate speech Education plays a central role in the campaign This manual complements Bookmarks A manual for combating hate speech online through human rights education also published by the Council of Europe

*A Comedy of Storytelling* Alexander Kirichenko, 2010 Current interpretations of Apuleius Golden Ass

cover the entire spectrum from a religious autobiography to an incongruous collection of titillating stories The goal of this book is to explain the extraordinary polyphony of Apuleius novel as a product of the 2nd century CE context in which elite culture philosophy and sophistic oratory and popular entertainment not only share the same venues and appeal to the same audiences but also engage in active exchange of subject matter and histrionic techniques The book argues that Apuleius narrative represents a mosaic of discourses each of which possesses a respectable pedigree in the world of Greco Roman paideia It further traces the ensuing ambiguity to the Second Sophistic rhetoric and concludes that the particular thrill of reading the novel consists in the ironic frustration of any attempt to discover a centripetal force in an irreducibly multi polar text

**Our Fragile World** Mostafa Kamal Tolba,2001      *Religious and Theological Abstracts* ,2001      **Charles Sorel** Gabrielle Verdier,1984 Critical biography of Charles Sorel a French writer      **Beyond Eden** Konrad Schmid,Christoph Riedweg,2008 The biblical story of paradise Genesis 2 3 is probably one of the best known texts in world literature It has had a rich reception history over many centuries Genesis 2 3 formulates fundamental premises and problems of human self understanding in the Western world The biblical text of Genesis 2 3 itself has almost been buried under its traditional interpretations In the Christian realm it is commonly known as the story of Adam Eve the apple the fall and the punishment of humankind with mortality However only Eve is really present in the biblical text all the other elements are the result of a productive history of reception in later periods The forbidden fruit is never identified in terms of botany It was the Latin reception history that transformed it into an apple malum because evil malum came into the world through it The so called fall is not described in terms of sin in Genesis 2 3 since sin is mentioned for the first time in the Bible in Genesis 4 6 7 and the first human beings are made mortal from the very beginning as their formation out of dust and the formulation of Gen 2 16 17 as a traditional legal sentence implying death penalty indicate Thus the penalty for eating from the forbidden fruit is death not mortality However the meaning of the story has been substantially transformed in this point throughout the centuries and it is claimed that mortality is the result of the fall The authors of this volume explain both the theological profiles of the biblical text and its consequences Its contributions stem from the fields of Biblical Studies Religious Studies Art History Jewish Studies Classical Studies the History of Christianity and Philosophy
