Counter-narratives of Young Adult Literature by Women of Color Traci P. Baxley,Genyne Henry Boston,2014-09-02 Current school systems create a generation of students who experience institutional practices that honor other students needs those students who share the values of those with power and have pathologized other groups specifically women of color In Visible Presence intends to contribute to existing pedagogy which empowers students teachers administrators and

policy makers to develop participatory membership in schools and among citizens who can begin to create an anti oppressive society In Visible Presence contains a holistic thematic approach to exploring young adult YA novels written by women of color while providing cultural and historical contexts for interpreting and analyzing their work through a feminist lens Unlike other scholarship In Visible Presence uses a feminist theoretical framework to create a space in which select literary works offer counter narratives that can be analyzed and critically interpreted according to principles and ideas intended to validate women thus making their triumph over racism sexism classism and heterosexism and equity challenges a visible cause relegating consequential change for both young girls and women of color In Visible Presence maintains current discourse dialogue through a concentration on the intersectionality of gender race and class identities and how these identifiers serve as criteria for privilege and marginalization even in YA literature In Visible Presence aims to explore YA literature written by women of color represented by African American Asian American Indian American and Latina Americans Our theoretical perspective focuses on the connection of race gender and class that is exclusive to women of color The construction of voice and space is important for readers to hear from those once silenced

Opportunity Elmer Anderson Carter,1928 **Engaging with Multicultural YA Literature in the Secondary Classroom** Ricki Ginsberg,Wendy Glenn,2019-02-18 With a focus on fostering democratic equitable education for

young people Ginsberg and Glenn's engaging text showcases a wide variety of innovative critical classroom approaches that extend beyond traditional literary theories commonly used in K-12 and higher education classrooms and provides opportunities to explore young adult YA texts in new and essential ways. The chapters pair YA texts with critical practices and perspectives for culturally affirming and sustaining teaching and include resources, suggested titles and classroom strategies. Following a consistent structure, each chapter provides foundational background on a key critical approach, applies the approach to a focal YA text, and connects the approach to classroom strategies designed to encourage students to think deeply and critically about texts themselves and the world. Offering a wealth of innovative pedagogical tools, this comprehensive volume offers opportunities for students and their teachers to explore key and emerging topics including culture, disability, ethnicity, gender, immigration, race, sexual orientation, and social class. **Camp-fire Musings** William Cunningham Gray, 1902
