The CELTA Course Trainer's Manual Peter Watkins, Scott Thornbury, Sandy Millin, 2023-02-02 This is an essential resource for CELTA candidates and trainers. The Trainee Book supports candidates with an accessible ready to use course while the Trainer's Manual provides trainers with all the material they need to deliver CELTA whether in the classroom, online or as a blended course. The second edition reflects changes to the qualification and includes new material on topics including teaching in virtual classrooms, teaching young learners and the use of L1. It includes 40 practical units organised into the five main CELTA topic areas: Learners and teachers and the teaching and learning context, Language analysis and awareness, Language skills, reading, listening, speaking and writing, Planning and resources for different teaching contexts and Developing teaching skills and professionalism. The book also features a range of supplementary materials to support trainees to get the most from their course.

The CELTA Course Scott Thornbury, 2013 *Assessing Language Teachers' Professional Skills and Knowledge* Rosemary Wilson, Monica Poulter, 2015-01-31 The growth in English language teaching worldwide and the related increase in teacher training programmes of all kinds highlight the need for greater accountability in the assessment of teachers. The need for formal summative assessment has taken on greater importance in training programmes and requires procedures which do not always sit easily with the development process while transparency of assessment procedures is also increasingly demanded by the candidates themselves. This edited volume discusses key issues in assessing language teachers.

professional skills and knowledge and provides case study illustrations of how teacher knowledge and teaching skills are assessed at pre service and in service levels within the framework of the Cambridge English Teaching Qualifications The volume provides discussion of ways in which the changing nature of English language teaching has impacted on teacher education and assessment examples of specific assessment procedures for both teaching knowledge and practical classroom skills accounts of the ways in which the Cambridge English Teaching Qualifications have been integrated into and adapted for local contexts This is the first volume of its kind wholly dedicated to language teacher assessment and as such will be of interest to language teachers and teacher educators as well as to researchers and postgraduate students *The Routledge Handbook of English Language Teacher Education* Steve Walsh, Steve Mann, 2019-07-03 The Routledge Handbook of English Language Teacher Education provides an accessible authoritative comprehensive and up to date resource of English language teacher education With an overview of historical issues theoretical frameworks and current debates this handbook provides unique insights into a range of teacher education contexts focusing on key issues relating to teacher and learner priorities language and communication current practices reflective practice and research Key features include a cross section of current theories practices and issues providing readers with a resource which can be used in a variety of contexts the use of data transcripts and tasks to highlight and illustrate a range of practices including examples of best practice snapshots of ELTE from a number of contexts taken from all around the world and examples of current technological advances contemporary thinking on reflective practice and insights gained from recent research This wide ranging and international collection of chapters has been written by leading experts in the field The Routledge Handbook of English Language Teacher Education is sure to be core reading for students researchers and educators in applied linguistics TESOL and language education

Teaching and Developing Reading Skills Google EBook Peter Watkins,1918-02-22 This book is for anyone who wants to provide their learners with rich and rewarding reading experiences Drawing on current reading theory the book promotes the teaching of reading in a theoretically sound way moving beyond a comprehension testing approach to reading The practical part of the book provides a collection of accessible generic activities so that teachers can support and develop learners reading skills and strategies Its scope is wide ranging from promoting reading and developing fluency to exploiting digital sources using learner generated texts and assessing reading Further activities support teachers develop excellence in the teaching of reading through guided reflection and action research *Power in the EFL Classroom* Phyllis

Wachob,2009-10-02 Critical pedagogy is not a set of ideas but a way of doing learning and teaching Canagarajah 2005 This definition puts CP squarely in the classroom and leads us to view how teachers interact with students and how students treat one another while negotiating institutional and societal expectations The chapters in the book use a variety of methods to address questions of power within educational institutions from classrooms to the ministries of education All the contributors are or have been teachers in the Middle East from Egypt to Iran Their nationalities range from Egyptian to American Canadian British Tunisian and Iranian Ten of the contributors are women All have conducted research and or invited participation from among students and fellow teachers to explore issues of Critical Pedagogy from various perspectives The question of physical space relates to power but is also related to linguistic space student choice is not only related to linguistic space but also to motivation and thus empowerment Changing teachers beliefs leads to empowerment for teachers but also empowerment for students Educational policy that recognizes social and personal identity reflects back to personal motivation These studies meet and mesh complement and sometimes take different viewpoints However all the studies embrace the concept that we must respect and nurture the human in our students that we as teachers are the front line as enablers of our students empowerment If we do not provide the space and honor their dignity our students cannot claim and embrace their power Canagarajah S 2005 Critical Pedagogy in L2 Learning and Teaching In E Hinkel Ed Handbook of Research in Second Language Teaching and Learning pp 931 949 Mahwah New Jersey Lawrence Erlbaum Associates
