

Carson PowerChart View-Only Quick Start Guide

- All Health Inc. affiliated providers and their employees can view the CCHLite remote viewing system for video and print medical records that have been created in the PowerChart EMR for all patients.
- Nonetheless, Carson will keep a log of every record you view, so only video records created in the year 2011, however, viewing is a valid historical purpose, as you can explore in better with your provider's patients.
- To access medical records, you must first log into the All Health network through some the following methods: All computers at All Health Plaza, Bedford, and Cheshamington are now on the AllHealth network.
- You can use <http://www.allhealth.org> to log in from a computer and use the AllHealth network. To do this, you must also use All Health's Multi-Point Authentication System.
- Once you log into CCHLite, the applications, created from there will need the AllHealth network to work. You can download this at <http://www.allhealth.org/PowerChart/PowerChart.html>
- Please note: your screen looks very different than the screenshots. There are many different view types in Carson, so your screen may vary.
- After logging into CCHLite, there are two ways you can see the medical records:
 - 1. Use CarsonLite to see lab results, radiology reports, and transcriptions. CarsonLite is maintained by AllHealth Information Health Information Exchange. Records are not logging in through All Health, so you only see records in CarsonLite created at All Health.
 - 2. Use Carson PowerChart to see those records, and everything in the patient's chart. This document focuses on PowerChart. We have another document on CarsonLite.
