## **Cherokee Reference Grammar:**

*Cherokee Reference Grammar* Brad Montgomery-Anderson, 2015-09-08 The Cherokees have the oldest and best known Native American writing system in the United States Invented by Sequoyah and made public in 1821 it was rapidly adopted leading to nineteenth century Cherokee literacy rates as high as 90 percent This writing system the Cherokee syllabary is fully explained and used throughout this volume the first and only complete published grammar of the Cherokee language Although the Cherokee Reference Grammar focuses on the dialect spoken by the Cherokees in Oklahoma the Cherokee Nation and the United Keetoowah Band of Cherokee Indians it provides the grammatical foundation upon which all the dialects are based In his introduction author Brad Montgomery Anderson offers a brief account of Cherokee history and language revitalization initiatives as well as instructions for using this grammar The book then delves into an explanation of Cherokee pronunciation orthography parts of speech and syntax While the book is intended as a reference grammar for experienced scholars Montgomery Anderson presents the information in accessible stages moving from easier examples to more complex linguistic structures Examples are taken from a variety of sources including many from the Cherokee Phoenix Audio clips of various text examples throughout can be found on the accompanying CDs The volume also includes three appendices a glossary keyed to the text a typescript for the audio component and a collection of literary texts two traditional stories and a historical account of a search party traveling up the Arkansas River The Cherokee Nation as the second largest tribe in the United States and the largest in Oklahoma along with the United Keetoowah Band and the Eastern band of Cherokees have a large number of people who speak their native language Like other tribes they have seen a sharp decline in the number of native speakers particularly among the young but they have responded with ambitious programs for preserving and revitalizing Cherokee culture and language Cherokee Reference Grammar will serve as a vital resource in advancing these efforts to understand Cherokee history language and culture on their own terms [A Reference Grammar](#)

## **The Languages and Linguistics of Indigenous North**

**America** Carmen Dagostino, Marianne Mithun, Keren Rice, 2023-12-18 This handbook provides broad coverage of the languages indigenous to North America with special focus on typologically interesting features and areal characteristics surveys of current work and topics of particular importance to communities The volume is divided into two major parts subfields of linguistics and family sketches The subfields include those that are customarily addressed in discussions of North American languages sounds and sound structure words sentences as well as many that have received somewhat less attention until recently tone prosody sociolinguistic variation directives information structure discourse meaning language over space and time conversation structure evidentiality pragmatics verbal art first and second language acquisition archives evolving notions of fieldwork Family sketches cover major language families and isolates and highlight topics of special value to communities engaged in work on language maintenance documentation and revitalization [Teaching Writing to](#)

Children in Indigenous Languages Ari Sherris, Joy Kreeft Peyton, 2019-02-18 This volume brings together studies of instructional writing practices and the products of those practices from diverse Indigenous languages and cultures. By analyzing a rich diversity of contexts (Finland, Ghana, Hawaii, Mexico, Papua New Guinea, and more) through biliteracy complexity and genre theories, this book explores and demonstrates critical components of writing pedagogy and development. Because the volume focuses on Indigenous languages, it questions center-margin perspectives on schooling and national language ideologies which often limit the number of Indigenous languages taught, the domains of study, and the age groups included.

Rising Above Benjamin E. Frey, 2025-07 Today there are roughly two hundred first language Cherokee speakers among the seventeen thousand citizens of the Eastern Band of Cherokee Indians in North Carolina. In 2019, the United Keetoowah Band, the Cherokee Nation, and the Eastern Band of Cherokee Indians declared a state of emergency for the Cherokee language. In *Rising Above*, Eastern Band Cherokee citizen Benjamin E. Frey chronicles his odyssey of being introduced to the Cherokee language with trepidation as a young adult and his eventual work revitalizing the Cherokee language in a Cherokee way. In the first book to examine the process of language shift and revitalization among this band, Frey explores the institutional, economic, and social factors that drove the language shift from Cherokee to English, interpreted through the lens of a member of the Eastern Band Cherokee community in conversation with other community members. *Rising Above* navigates Frey's upbringing, the intricacies of language and relationships, the impact of trauma, and the quest for joy and healing within the community. In addition to language documentation and preservation, *Rising Above* explores how to breathe new life into the language and community using storytelling to discuss the Cherokee language, its grammatical components, and its embedded cultural ideologies alongside its interactions with broader American society.

**Morphology** Jeffrey P. Punske, 2023-10-31 The first comprehensive morphology textbook written in the framework of Distributed Morphology, firmly grounded in cross-linguistic theory. Distributed Morphology is the theoretical framework that views morphology as syntactic, proposing that there is no divide between the construction of words and the construction of sentences. The first text of its kind, *Morphology: A Distributed Morphology Introduction* provides a thorough overview of Distributed Morphology using data and problem sets from a diverse selection of the world's languages. Divided into two parts, this valuable resource begins by describing the basics of morphology and then moves into an exploration of more advanced topics in morphology, including morphosyntactic operations, cyclic derivation, the Mirror Principle, and non-compositional language. Each chapter includes a glossary of key terms, learning objectives, further readings, and illustrative examples to reinforce learning. Exercises and problem sets encourage students to develop their understanding and build confidence in the application of theory to practice. Through this valuable text, students will develop comprehension in morphological parsing and glossing, the concept of the lexicon, the different types of morphemes, the idea of paradigms, the basic practice of morphological analysis, and more. Offering detailed yet accessible coverage of morphological theory from the perspective of

Distributed Morphology this textbook Introduces the methodology used in morphology the basic assumptions of Distributed Morphology and key concepts from lexical grammatical approaches to language Covers essential phonology feature interaction paradigms as linguistic objects core ideas of syntax and syntactic derivation and derivation and inflection in Distributed Morphology Includes a Quick Reference Guide with glossing abbreviations from the Leipzig Glossing Rules a full IPA chart with instructions and charts of phonological features Provides access to a companion website containing solutions to problem sets and additional instructor resources Morphology A Distributed Morphology Introduction is the ideal textbook for advanced undergraduates and graduate students in morphology courses or with an interest in specializing in morphology Offering students an unparalleled overview of this growing field of morphology this text will ensure that developing morphologists are well equipped to employ the latest methods in Distributed Morphology to their own research and study

Algonquian and Iroquoian Linguistics ,2003      **Reference Encyclopedia of the American Indian** Barry T. Klein,2005

**Journal of American Indian Education** ,2017      *Structure and Theme in English Grammar* Thomas Dieterich,Anne L. Andler,2002 English Grammar Structure and Theme is a user friendly exploration of the structure of English which draws on readers knowledge of their own language Throughout the text Exploration Activities lead the students to discover how the language works Many examples are taken from real world sources enhancing the natural conversational tone The descriptive theory used in the text is clear understandable and easily accessible to a general nonspecialist audience While using modern linguistic theory as its primary descriptive framework English Grammar Structure and Theme thoroughly respects traditional grammatical descriptions Traditional interpretations are presented along with more current theory in order to assist students in making the transition from one descriptive framework to another and to help them understand the rationale behind traditional rules Consequently this text will be especially useful for students whose only exposure to English grammar has been minimal The Instructor s Exercise Book provides exam questions plus complete model answers for all exercises English Grammar Structure and Theme is an ideal choice for anyone who wants to learn more about language or modern linguistic theory but who finds most technical linguistic texts daunting It will be of value to language teachers technical writers and nonspecialists who want a general introduction to contemporary English grammar i      *Thinking Linguistically* Maya Honda,Wayne O'Neil,2008 Developed for introductory courses on linguistics and language acquisition this book enables students to understand the reasoning and methodology behind questions of linguistics It integrates problem sets into the text in order to guide students through the formulation and evaluation of hypotheses on the basis of linguistic data      **A**
