**Website creation** Premyogi vajra, 2021-01-02 This book is a compilation of Premyogi vajra's blog posts that he has created for demystifyingkundalini.com Premyogi vajra is a self-aware and mysterious person. With his Kundalini awakening, there was a flood of high mentality in his brain. Impressed by that, he created many books and the above website. Regarding his experiences related to book publishing and website making, he made them known as his blog posts. A separate chapter has been created for each article. Readers will surely find this e-book interesting, informative, and comfortable to read. Knowledge sharing is a fundamental tool to grow a society. Experience gained without subsequent sharing is of little value. It remains confined to a single man and gets perished with him. Therefore, to be able to properly and easily share one's experiences, one must know at least basics of self-publishing and website creation. These are basic modern tools of sharing knowledge. The writer had to deal with a great deal of hassle while learning self-publishing and website creation. He took many years to learn their basic tips. So that people do not suffer like himself, he compiled all tips he got while learning these in form of this book. Hope that people will find this book brief, practical, and easy. Friends, if the art of sharing experiences with everyone is not learned, then those experiences would not have special significance. Those experiences remain confined to that single man and perish with him. In today's times, websites and e-books are the most important means of sharing experiences. Therefore, it is important for everyone to have basic knowledge of website creation and self-publication. This book serves very well the same purpose of achieving this goal [\*\*Adobe ColdFusion 9 Web Application Construction Kit, Volume 2\*\*](#) Ben
