A must for every reader's advisory desk, this resource is also a useful tool for collection development librarians and students in LIS programs. It includes everything advisors need to get up to speed on a genre, including its appeal, characteristics, key authors, sure bets, and trends. It demonstrates how genres overlap and connect, plus suggestions for guiding readers among genres and tie genre fiction to the whole collection, including nonfiction, audiobooks, graphic novels, film, and TV, poetry, and games. Both insightful and comprehensive, this matchless guidebook will help librarians become familiar with many different fiction genres, especially those they do not regularly read, and aid library staff in connecting readers to books they're sure to love.
